Please remember that written committee updates and reports to the rest of the City are helpful and keep us all informed. Also, please remember that unless specifically authorized, no Committee is authorized to spend money without full approval of the City. Similarly, Committees are not authorized to make final decisions on issues, but should bring those issues back to the Council, unless specifically authorized by the Council beforehand.

**RECOMMENDATION**

Concur with the Mayor's recommendations and approve the appointments as outlined above.
