

REPORT TO CITY COUNCIL

DATE: OCTOBER 10, 2012

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: GREG RAMIREZ, CITY MANAGER

BY: RAMIRO ADEVA, PUBLIC WORKS DIRECTOR/CITY ENGINEER

SUBJECT: APPROVAL OF A CONSULTANT SERVICES AGREEMENT WITH KIMLEY-HORN AND ASSOCIATES, INC., FOR ENGINEERING SERVICES FOR DESIGN COMPLETION OF THE KANAN/AGOURA ROUNDABOUT.

This report seeks City Council approval to enter into a professional services agreement with Kimley-Horn and Associates, Inc. (KHA), for engineering design services for the completion of design of the roundabout at the intersection of Kanan Road and Agoura Road. KHA will provide complete construction plans, specifications, and construction cost estimates for the project.

In March 2008, the City entered into an agreement with AECOM (formerly Boyle Engineering Corporation) for professional design services of the roundabout at the intersection of Kanan Road and Agoura Road. The Scope of Work for the project included preliminary engineering tasks, such as surveying, geotechnical analysis and evaluation and utility research, and final design tasks, such as 35%, 65%, 95% and final design plans, specifications and estimates for City staff to review and approve.

Due to multiple factors, staff reached a point in the design where AECOM's services were no longer needed, and the contract was terminated. More recently, the Agoura Road Widening project design is quickly approaching completion, and included within the scope of that contract with KHA, is the requirement to design an interim signal improvement at the same intersection as the ultimate improvement being the roundabout. Because the accuracy of both designs is critical to ensuring a smooth transition from the interim and ultimate intersection improvements, a contract with KHA is the most pragmatic solution to make certain the design details of Agoura Road are in line with the roundabout.

Therefore, KHA's scope of work will be as follows:

- (1) Review of existing files, reports, surveys and design documents;
- (2) Right-of-Way Plat and Legals;
- (3) 95% and Final PS&E; and
- (4) Construction Cost Estimate

Staff anticipates this contract will cost approximately \$80,000. With a 20% contingency, that brings the total project contract to a "not to exceed" amount of \$96,000. The roundabout is already on Los Angeles County Metro's list of projects to be funded with Measure R funding, so this entire cost would be covered in full by this funding source. This contract is anticipated to

take a maximum of nine (9) months to complete, with an estimated completion date of June 2013.

The proposed agreement has been reviewed by the City Attorney and approved as to form.

RECOMMENDATION

Staff respectfully recommends the City Council:

1. Approve the consultant services agreement with Kimley-Horn and Associates, Inc.
2. Authorize the Mayor to sign the agreement on behalf of the City Council.

5. **PAYMENT**.

A. The City agrees to pay Consultant monthly, in accordance with the payment rates and terms and the schedule of payment as set forth in Exhibit B, Payment Rates and Schedule, attached hereto and incorporated herein by this reference as though set forth in full, based upon actual time spent on the above tasks. Any terms in Exhibit B other than the payment rates and schedule of payment are null and void. This amount shall not exceed

\$80,000.00 ('Contract Price') for the initial Term of the Agreement unless additional payment is approved as provided in this Agreement.

The City Manager may approve additional work up to ten percent (10%) of the amount of the Contract Price. Any additional work in excess of this amount shall be approved by the City Council.

Upon termination of the Agreement pursuant to this Section, the Consultant will submit an invoice to the City pursuant to Section 4.

If such failure by the Consultant to make progress in the performance of work hereunder arises out of causes beyond the Consultant's control, and without fault or negligence of the Consultant, it shall not be considered a default.

B. If the City Manager or his or her delegate determines that the Consultant is in default in the performance of any of the terms or conditions of this Agreement, it shall serve

Task 6.3 – Opinion of Probable Construction Cost

KHA will prepare a Preliminary Opinion of Probable Construction Cost based on the 90% design.

The Consultant has no control over the cost of labor, materials, equipment, or over the Contractor's methods of determining prices or over competitive bidding or market conditions. Opinions of probable costs are based on the information known to Consultant at the time opinion is rendered and represent only the Consultant's judgment as a design professional familiar with the construction industry. The Consultant cannot and does not guarantee that proposals, bids, or actual construction costs will not vary from its opinions of probable costs.

- The layout of the project has been approved by the City and meets or exceeds the traffic capacity requirements, and geometry per AASHTO and FHWA. Only minor revisions are anticipated, and no major redesign.
- The Preliminary Drainage Report is complete, and that the report, electronic design files, and documentation of calculations are received from AECOM, and that the calculations are correct and do not require any rework. It is assumed that KHA's scope will consist of taking the Preliminary Drainage Report and calculations as provided by AECOM and adding to them for a Final Drainage Report.
- The precise grading files, including breaklines, will be provided to KHA. It is also assumed that the proposed grading has been accurately designed so that all pedestrian facilities are ADA compliant, and that no major redesign will be required.
