

## **REPORT TO CITY COUNCIL**

**DATE: JANUARY 23, 2013**

**TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL**

**FROM: GREG RAMIREZ, CITY MANAGER**

**BY: RAMIRO S. ADEVA, PUBLIC WORKS DIRECTOR/CITY ENGINEER**

**SUBJECT: AUTHORIZATION TO SEEK BIDS FOR AGOURA ROAD WIDENING PROJECT – PHASE 1 CANWOOD STREET IMPROVEMENTS; NIB 13-01**

---

In August 2010, the City entered into an Agreement with Kimley-Horn and Associates, Inc., to provide design plans and specifications for the Agoura Road Widening Project.

Staff would like City Council's authorization to seek bids for the Agoura Road Widening Project – Phase 1 Canwood Street Improvements; NIB 13-01. The Agoura Road Widening Project (Project) encompasses improvements for the ultimate build-out of Agoura Road, which includes the Agoura Village Specific Plan area, and reconstruction of Canwood Street, between Reyes Adobe Road and approximately 650 feet east of Forest Cove Lane. Construction of the Project will be completed in phases. The first phase is construction of Canwood Street Improvements. The second phase is construction of Agoura Road Widening improvements.

Final Plans and Specifications for Phase 1 - Canwood Street Improvements have been prepared, reviewed and ready for bid. Reconstruction of Canwood Street will include pavement restoration, using both Cold In-Place Recycle and Rubberized Asphalt Overlay, and slope stabilization of the south side of Canwood Street, from Forest Cove to just east of Strawberry Hill. Slope stabilization of Canwood Street includes installation of soldier piles along the south side of the street, under existing sidewalk, which will require reconstruction of curb, gutter and sidewalk. Additionally, various areas of Canwood, including the south side of Canwood, from Forest Cove to just east of Strawberry Hill, will require Full-Depth Pavement Reconstruction, which will include installation of new road base and asphalt pavement.

Staff expects to return to Council on March 13, 2013, for the contract award and to commence construction at the end of April. Construction is anticipated to take approximately eight (8) weeks, with no work to be done on holidays.

The Agoura Road Widening Project is included as part of the Los Angeles County Metropolitan Transportation Authority's (Metro) Long Range Transportation Plan (LRTP), which was approved by the Metro Board on October 29, 2009, and is guaranteed funding as part of Metro's priority list for the projects funded within the first ten years by Measure R.

### **RECOMMENDATION**

Staff respectfully recommends the City Council authorize staff to seek bids for the Agoura Road Widening Project – Phase 1 Canwood Street Improvements; NIB 13-01.
