### INTRODUCTION TO VIDEO GAME DESIGN \* AGES 8-12

Learn how to create your own virtual worlds and design a unique and interactive video game with Fresh Game Design! Beginning Game Developers work in pairs to conceive, design and build their own original computer game. Everything created for their game is original to the team--the characters, the action, the background, the music and the format. Students use creative and critical thinking to complete their games and build teamwork skills working in partners. Instructor: Freshi Media \* Location: Classroom A  
#3802 M-F 9:00am-12:00pm 6/13-6/17 \$170

### COMPUTER ANIMATION FUNDAMENTALS: WITH PC! \* AGES 8-12

Working with PC computers, participants will learn skills that help with computer drawing, character creation and movement, voiceover work and character interaction and speech. In small groups, students will focus on learning introductory computer animation techniques and will create original characters and short animated stories! Instructor: Freshi Media \* Location: Classroom A  
#3803 M-F 1:00-4:00pm 6/13-6/17 \$170

### HOLLYWOOD SPECIAL EFFECTS \* AGES 7-12

Are you a fan of Special Effects in movies? Well, you're in the right place. In this exciting summer camp, we will teach your kids all about "Movie Magic" and how to create Hollywood special effects right in your camera. Each week, they will learn a new special effect using HD digital camcorders, they will then star in a movie utilizing everything they have learned. Be a part of movie history! Instructor: Movies By Kids \* Location: Classroom A

## SURVIVOR: ENGINEER'S COVE \* AGES 7-11

Students in this five-day camp will find themselves stranded on an abandoned island filled with perilous obstacles – dark caves, wild animals, cold temperatures, little food, and separation from the comforts of home. They will work collaboratively with their tribe members to compete against other tribes in specific engineering-related projects aimed at trying to survive the harsh island conditions and escape to their freedom. The tribe with the most points at the end of the week will claim the honor of Survivor: Engineer's Cove winner! During the LEGO® Rescue Robots camp, students will design and program robots to respond to simulated disaster situations such as moving rubble and retrieving targets! Instructor: Engineering For Kids \* Location: Classroom A

#3816 M-F 9:00am-12:00pm 8/8-8/12 \$155/\$30 lab fee
