

SPECTRUM ACT SECTION 6409(A) MODIFICATION
SUPPLEMENTAL APPLICATION SHORT FORM FOR MODIFICATION
OF ELIGIBLE WIRELESS TELECOMMUNICATIONS FACILITIES

The City of Agoura Hills recognizes that the provision of wireless telecommunication facilities, including distributed antenna systems (DAS), are highly technical enterprises subject to various federal, state, and local regulations. This supplemental application form is designed to obtain necessary and required technical information in support of **an eligible facilities request to modify an existing wireless telecommunications facility project, including modification of a DAS project, within the City of Agoura Hills (“WT Facility Project Modification”)** that does not substantially change the physical dimensions of such tower or base station in accordance with Section 6409(a) of the Spectrum Act (“Section 6409(a)”).

Section 6409(a) provides that:

Notwithstanding section 704 of the Telecommunications Act of 1996 (Public Law 104-104) or any other provision of law, a State or local government may not deny, and shall approve, any eligible facilities request for a modification of an existing wireless tower or base station that does not substantially change the physical dimensions of such tower or base station.

“Eligible facilities request” is defined as “any request for modification of an existing wireless tower or base station that involves (A) collocation of new transmission equipment; (B) removal of transmission equipment; or (C) replacement of transmission equipment.”

This form should be used only for a qualified Section 6409(a) modification. This form is required so the City may determine whether your project qualifies for Section 6409(a) treatment and in order to review your project for compliance with permissible requirements. In the event the proposed WT Facility Project Modification is either (1) not an eligible facilities request for a modification of an existing wireless tower or base station, or (2) it would substantially change the physical dimensions of such tower or base station, you will be notified that your project is ineligible for Section 6409(a) treatment, and you must provide all information required for your proposed project using the Supplemental Application Long Form for Wireless Telecommunications Facilities, and pay any additional application fees.

Completion of this supplemental application is a mandatory document for a WT Facility Project Modification made pursuant to Section 6409(a). This form assists the City of Agoura Hills to comply with its duties under Section 9661 *et seq.* and other provisions of the Agoura Hills Municipal Code; the Telecommunications Act of 1996 (including 47 U.S.C. §§ 253,

332); the FCC Shot Clock Order (FCC 09-99 and FCC 14-153); Section 6409(a) of the Spectrum Act including FCC 14-153); California Public Utilities Code Sections 7901 and 7901.1; the California Environmental Quality Act (“CEQA”); the provisions of California Government Code Sections 65850.6 and 65964; and other local, state, and federal laws, regulations, and court decisions. The City of Agoura Hills requires that the applicant provide this information to assist it in creating a written administrative record containing substantial evidence sufficient to permit the City of Agoura Hills’ informed consideration of your request, and to determine the duties, rights and obligations of the City of Agoura Hills and the applicant/owner of the proposed project.

No application for a WT Facility Project Modification shall be determined complete, or be considered for determination of completeness until all required responses to this supplemental application form and required attachments are completed and tendered to the City of Agoura Hills.

If you do not believe that a specific item of information is necessary or applies to your application, mark the item on this form with the words, “Not Applicable” and attach a detailed written explanation as to the basis for your belief (e.g., “Question 94.7 does not apply to this application because the proposed WT Facility Project Modification has no microwave transmission element.”) An unsupported statement such as “Question 94.7 does not apply” is insufficient, and the determination of completeness of your application will be delayed while you provide a meaningful and detailed explanation.

Every page of this form including the first page and the last page must be tendered to the City of Agoura Hills. Each page including the first page and the last page must be initialed where indicated. The last page must also be completed, signed, and dated. Please note that item numbers are intentionally non-sequential; do not re-number.

Questions about this form or the information required by this form should be directed to the City of Agoura Hills Planning Department planner assigned to your project.

Findings Required for Approval of a WT Facility Project Modification

In addition to findings necessary to approve a conditional use permit or minor conditional use permit, as applicable, no permit will be granted for a WT Facility Project Modification unless all of the following findings are made by the reviewing authority:

1. The proposed facility has been designed and located in compliance with all applicable provisions of Division 11 of Part 2, Chapter 6, Article IX of the Agoura Hills Municipal Code entitled “Wireless Telecommunications Facilities” (“Division 11”) (except to the extent preempted by state or federal law).
2. The proposed facility has been designed and located to achieve compatibility with the community (except to the extent preempted by state or federal law).
3. The applicant has submitted a statement of its willingness to allow other carriers to collocate on the proposed wireless telecommunications facility wherever technically and economically feasible and where collocation would not harm community compatibility.
4. Noise generated by equipment will not be excessive, annoying nor be detrimental to

the public health, safety, and welfare and will not exceed the standards set forth in Division 11. (See A.H.M.C. Section 9661.7)

In addition to the above findings, approval of a permit for a WT Facility Project Modification for existing facilities that are located in the public right-of-way may be granted only if the following findings are made by the reviewing authority:

1. The applicant has provided substantial written evidence supporting the applicant's claim that it has the right to enter the public right-of-way pursuant to state or federal law, or the applicant has entered into a franchise agreement with the city permitting them to use the public right-of-way.
2. The applicant has demonstrated that the facility will not interfere with the use of the public right-of-way and existing subterranean infrastructure and will not interfere with the city's plans for modification of such location and infrastructure (except to the extent preempted by state or federal law). (See A.H.M.C. Section 9661.7)

Exceptions pertaining to any provision of Division 11, including, but not limited to, exceptions from findings that would otherwise justify denial, may be granted by the reviewing authority if the reviewing authority makes the finding that (i) denial of the facility as proposed would violate state and/or federal law, or (ii) a provision of Division 11, as applied to the applicant, would deprive the applicant of its rights under state and/or federal law. An applicant may only request an exception at the time of applying for a WT Facility Project Modification. (See A.H.M.C. Sections 9661.19 and 9661.20 for additional requirements and restrictions.)

1.00: **Project Location, Description of Project, Type of Permit and Applicant Information**

1.01: WT Facility Proj. Physical Address:

1.02: WT Facility Proj. Site Number (if any):

1.03: Assessor's Parcel Number:

1.04: Section 6409(a) Modification Requested (Must check line to confirm) Modification of an Existing Wireless Telecommunications Facility that meets the requirements of Section 6409(a) of the Spectrum Act [NOTE: for all other WT Facility Projects, use the Long Form application].

1.10: Project Owner is: Name:
(Owner of the WT Facility Project) Title:
Firm Name:
Address 1:
Address 2:
City: State: Zip:
Main Tel:
Project Reference Code (if any):

1.11: Legal Business Name of Applicant Name:
Title:
Firm Name:
Address 1:
Address 2:
City: State: Zip:
Main Tel:

1.12 Applicant's Representative is: Name:
Title:
Firm Name:
Address 1:
Address 2:
City: State: Zip:
Main Tel: Ext:
Direct Tel:
Work Fax:
Mobile Tel:
Email Address:
Website:

1.13 WT Facility Operator Name: _____
 Title: _____
 Firm Name: _____
 Address 1: _____
 Address 2: _____
 City: _____ State: _____ Zip: _____
 Main Tel: _____

1.14 Property Owner is Name: _____
 (The owner of the real property where Title: _____
 the WT Facility Project Modification Firm Name: _____
 will be located and/or the personal Address 1: _____
 property to which the WT Facility Address 2: _____
 Project Modification will be attached. City: _____ State: _____ Zip: _____
 If more than one, list all as an Main Tel: _____
 attachment.)

1.16: Property Characteristics and Zoning:

Attach legal description of property and designate as Attachment 1.16A.
 Initial here _____ to indicate that Attachment 1.16A is attached.

Parcel Size: _____ Width: _____ Depth: _____

General Plan Land Use: _____

Zoning: _____

Current Use: _____

Are any trees present on the property or within 250 feet of the property?
 ___ Yes ___ No If yes, attach a detailed explanation describing the species of
 trees and indicate their location respective to the project site as Attachment 1.16B.

Initial here _____ to indicate that Attachment 1.16B is attached.
 If oak trees are present onsite or within 250 feet of the site, an oak tree report may be
 required, and possibly an oak tree permit.

Are any trees impacted by the proposal? ___ Yes ___ No If yes, attach a detailed
 explanation describing impact on existing trees as Attachment 1.16C. An oak tree
 report and permit may be required. Initial here _____ to indicate that Attachment
 1.16C is attached.

1.17 Complete the following Section 6409(a) Compliance Checklist

Answer “yes” or “no” to each of the following questions and provide supporting documentation (see next page for descriptions of the required attachments).	Yes? No?
<p>1. <u>Existing Facility</u>: Does the project involve an existing wireless tower or base station? ➤ Attachment 1.18 narrative must substantiate your conclusion</p>	
<p>2. <u>Project Type</u>: Does the project involve (circle all which applies to your project): a) collocation of new transmission equipment, <u>OR</u> b) removal of transmission equipment, <u>OR</u> c) replacement of transmission equipment? ➤ Attachment 1.20 narrative must substantiate your conclusion</p>	
ANSWER EITHER #3 OR #4 BELOW, DEPENDING ON PROPOSED FACILITY LOCATION	
<p>3. <u>For Towers Outside the Public Right-of-Way (i.e., on private or public property)</u>: Does the project result in: a) A proposed height increase that is <u>less than</u> 10% or no more than one additional antenna array not more than 20’ higher (whichever is greater) and b) A proposed width increase that is <u>less than</u> 20’ or the tower width at the level of the appurtenance (whichever is greater)? ➤ Include calculations from the submitted plans to support your conclusion as part of Attachment 1.20 ➤ Use definition of “tower” from 47 C.F.R. § 1.40001(b)(9) and measure increases in height or width per 47 C.F.R. § 1.40001(b)(7).</p>	
<p>4. <u>For Towers Within the Public Right-of-Way and all Base Stations</u>: Does the project result in: a) A proposed height increase that is <u>less than</u> 10% or 10’ (whichever is greater) and b) A proposed width increase that is <u>less than</u> 6’? ➤ Include calculations from the submitted plans as part of Attachment 1.20 to support your conclusion ➤ Use definition of “tower” and “base station” from 47 C.F.R. § 1.40001(b)(1)&(9) and measure increases in height or width per 47 C.F.R. § 1.40001(b)(7).</p>	
<p>5. <u>Cabinets</u>: Does the project result in the addition of 4 or fewer additional equipment cabinets (including remote radio units/heads; telco, power cabinets; base station cabinets; etc.)? Itemize all equipment cabinets: _____ _____</p>	
<p>6. <u>Excavation</u>: Will any proposed project-related excavation be: a) On private property, entirely inside the lease area, <u>OR</u> b) In the public right-of-way, in “proximity” to the ground-mounted equipment?</p>	
<p>7. <u>Concealment</u>: Will the project defeat any existing concealment elements of the current tower and/or base station? Itemize all concealment elements here: _____ _____ ➤ Attachment 1.20 narrative must substantiate your conclusion</p>	
<p>8. <u>Prior Conditions of Approval</u>: Will the proposed co-location comply with all prior conditions of approval that do not conflict with the FCC regulations for a substantial change? ➤ Attachment 1.20 narrative must substantiate your conclusion ➤ Use definition of “substantial change” from 47 C.F.R. § 1.40001(b)(7).</p>	

- 1.18: Section 6409(a) Eligibility: Attach as Attachment 1.18 a full and complete explanation regarding why this WT Facility Project Modification is an eligible facilities request for a modification of an existing wireless tower or base station that does not substantially change the physical dimensions of such tower or base station. Initial here _____ to indicate that Attachment 1.18 is attached.
- 1.19: Will the WT Facility Project Modification require the installation or replacement of any wireless tower, pole, or other antenna support structure? ____ Yes ____ No
- 1.20: Description of WT Facility Project Modification. Attach a full written description of the proposed WT Facility Project Modification, including specifications such as any proposed increase in height, increase in width or diameter of the facility, a description of the proposed antennas and all equipment replacements, removals, and additions, and any changes or modifications to the existing tower, pole or other structure. For antennas and equipment attached to a building, include the distance the antennas will protrude from the edge of the structure and the distance between the support structure and the highest point of each antenna and piece of equipment. Designate the description of the WT Facility Project Modification as “Attachment 1.20.” Initial here _____ to indicate that Attachment 1.20 is attached.
- 1.21: Attach a detailed site and engineering plan of the proposed facility containing the exact proposed location of the facility in relation to the site and other structures, poles and trees, as well as depicting the dimensions of the facility and design characteristics, created by a qualified licensed engineer and in accordance with requirements set by the Director.

Also include full wet-stamped construction drawings. The construction drawings must depict in detail the existing wireless telecommunications facility (1) as originally permitted (including any modifications that were reviewed and approved by the City prior to February 22, 2012), (2) as it exists today (as built), (3) the boundaries of the owned or leased area, and (4) all proposed modifications.

Designate the plans as “Attachment 1.21.” Initial here _____ to indicate that Attachment 1.21 is attached.

- 1.22: Attach a photograph, model name, dimensions, and number of: (a) all antennas, and (b) any accessory equipment being proposed.

Initial here _____ to indicate that Attachment 1.22 is attached.

- 1.23: Attach a noise study prepared by a qualified acoustic engineer documenting the level of noise to be emitted by the proposed facility modification and its potential effects on surrounding uses. Designate the noise study as “Attachment 1.23.” The noise study may be waived by the Planning Director if not applicable to the project.

Initial here _____ to indicate that Attachment 1.23 is attached, if required.

- 1.24: Attach a conceptual landscape plan showing existing trees and all proposed landscaping, concealment and screening with a discussion of how the chosen material

at maturity will screen the site. Generally describe irrigation methods. Designate the conceptual landscape plan as "Attachment 1.24." The conceptual landscape plan may be waived by the Planning Director if not applicable to the project.

Initial here _____ to indicate that Attachment 1.24 is attached, if required.

1.25: Attach a description of the maintenance and monitoring program for the WT Facility Project Modification. Designate the maintenance and monitoring program as "Attachment 1.25." Initial here _____ to indicate that Attachment 1.25 is attached.

1.30: Will the WT Facility Project Modification be installed in the City's public right-of-way? ____ Yes ____ No If the answer to 1.30 is "No" proceed to 2.00.

1.32: Is the Project Owner and/or WT Facility Operator claiming a right to place wireless telecommunication facilities within the City's public right-of-way because the Project Owner and/or WT Facility Operator is a telephone corporation as that term is defined in California Public Utilities Code Section 234? ____ Yes ____ No

If the answer to 1.32 is "Yes", complete the following certification:

I, _____, hereby certify that each of the Project Owner, and the WT Facility Operator, if different from the Project Owner, is a telephone corporation as that term is defined in California Public Utilities Code Section 234.

Signature: _____ Date: _____
Title: _____

If the answer to 1.32 is "No", attach a detailed written statement fully and expansively describing why the Project Owner and/or the WT Facility Operator believes it has a right to place wireless telecommunication facilities within the City's public right-of-way. Designate this attachment, "Attachment 1.32." Initial here _____ to indicate that Attachment 1.32 is attached.

1.34: Will the WT Facility Project Modification require the installation or replacement of any utility or other type of pole or other antenna support structure in the public right-of-way? ____ Yes ____ No

If yes, attach a detailed written statement fully and expansively describing why the proposed pole will comply with the applicable ordinance. Designate this attachment, "Attachment 1.34." Initial here _____ to indicate that Attachment 1.34 is attached.

2.00: **Project Owner Information and CPCN Information**

- 2.01: Attach a letter of agency appointing the Applicant's Representative as the agent for the Project Owner listed in 1.10 in connection with this application. Designate the letter of agency as "Attachment 2.01." Initial here _____ to indicate that Attachment 2.01 is attached.
- 2.02: Attach a letter of agency appointing the Applicant's Representative as the agent for the underlying Property Owner listed in 1.14 and written authorization by any and all property owners authorizing the placement of the facility on the property owner's property. Designate the letter of agency and authorization as "Attachment 2.02." Initial here _____ to indicate that Attachment 2.02 is attached.
- 2.03 Does the Project Owner hold a California Public Utilities Commission Certificate of Public Convenience and Necessity ("CPCN") for any service provided by this WT Facility Project Modification? ___ Yes ___ No
- 2.04: If the answer to 2.03 is Yes, provide a true and complete copy of the Project Owner's CPCN and mark it as "Attachment 2.04." Initial here _____ to indicate that the required Attachment 2.04 is attached.
- 2.05 Aside from the Project Owner's CPCN, does the Applicant believe that another CPCN covers any service provided by this WT Facility Project Modification?
___ Yes ___ No
- 2.06: If the answer to 2.05 is Yes, provide a true and complete copy of that CPCN and mark it as "Attachment 2.06." Initial here _____ to indicate that the required Attachment 2.06 is attached.

3.00: **FCC License / FAA Compliance / RF Safety Disclosure Information**

- 3.01: For each person/legal entity that will be using the wireless site, provide the information in Sections 3.00 and 4.00. If more than one person/legal entity, provide separate information for each person/legal entity using the WT Facility Project Modification site.

Does this WT Facility Project Modification involve or relate to a Distributed Antenna System (DAS)? _____ Yes _____ No **Note to DAS providers named in 1.10:** Unless the DAS provider is the FCC licensee for the proposed WT Facility Project Modification, or the non-licensee to be transmitted from the site for its own purposes, the information provided in response to Sections 3 and 4 must also be provided by every individual wireless licensee or non-licensee to be transmitted via the WT Facility Project Modification identified in Section 1.00 of this form. That information must be provided on the letterhead of each entity. Each such response must also be signed by an authorized person, and that person's printed name and title, address and telephone number must be shown on the letter.

3.02: Attach a complete copy of each FCC license or FCC Construction Permit for each person/legal entity that will be subject to the FCC license for the Project site. Designate the license(s)/construction permits(s) as "Attachment 3.02." If none of the proposed radio facilities require an FCC license so indicate on Attachment 3.02.

Initial here _____ to indicate that the required Attachment 3.02 is attached.

3.05: For questions 3.06 through 3.12 inclusive, disclose all information for each proposed Radio Frequency signal emitter ("Licensee") at the WT Facility Project Modification site.

3.06: Legal Name of Licensee:

3.07: Licensee's Address Line 1:

3.08: Licensee's Address Line 2:

3.09: Licensee's Phone number:

3.10: Licensee's Fax number:

3.11: Licensee's Contact Email address:

3.12: Use of facility:
(Check all that apply) Amateur Radio¹
 Broadcast Radio
 Broadcast TV
 Cellular telephone
 Enhanced Specialized Mobile Radio
 Microwave
 PCS telephone
 Paging
 Specialized Mobile Radio
 Other(s) (specify): _____

Notice: Applicants not operating under their own FCC license(s) must mark "Other" and disclose all information required here for all entities that use the WT Facility Project Modification.

3.13: Location latitude & longitude: N _____ W _____

3.14: Specify DATUM used above: WGS84 NAD23 NAD83

3.15: Project maximum height above grade level (ft AGL):

3.16: Bottom of lowest transmitting antenna (ft AGL):

3.17: RF Emissions ("Rad") center of the lowest transmitting antenna (ft AGL):

¹ If the sole use of the facility will be for an amateur station as defined by the FCC, 47 C.F.R. Part 97 of the Commission's Rules, or its successor regulation, you do not need to submit this supplemental application form.

- 3.18: For each licensee (i.e., “ABC Wireless” or “XYZ Wireless”), and for each radio service (i.e., “PCS” or “Cellular”), complete and attach a separate two-page “Appendix A” form from “A Local Government Official’s Guide to Transmitting Antenna RF Emission Safety: Rules, Procedures, and Practical Guidance” available from the following FCC website at <https://www.fcc.gov/general/radio-frequency-safety-0> (the “Appendix A Form”).

All existing and proposed emissions from this site must be accounted for on the Appendix A Forms you submit.

Distributed Antenna System (DAS) providers and all others who are not licensed by the FCC for the radio services proposed for this WT Facility Project Modification and identified in 3.09: Unless the DAS provider is the FCC licensee for the proposed WT Facility Project Modification or the emissions from the site are solely for the DAS provider’s own transmissions, the DAS provider must also provide an Appendix A Form completed by each wireless carrier or wireless service provider to be transmitted through the WT Facility Project Modification at each wireless site. Appendix A Forms completed by a DAS provider are unacceptable if they are not the FCC licensee for the particular wireless service(s) to be transmitted through the WT Facility Project Modification.

Designate all completed Appendix A Forms as “Attachment 3.18.”

For consistency, all Appendix A forms submitted must use effective radiated power (ERP) units of measure. Do not use effective isotropic radiated power (EIRP). To verify your understanding of this requirement, you must append the letters “ERP” following each wattage listing in each Appendix A form you submit.

Initial here _____ to indicate that all required Attachment 3.18 forms are attached.

- 3.19: Considering your response in Attachment 3.18, above, and any other identifiable RF emitters that FCC OET Bulletin 65 requires be evaluated in connection with this WT Facility Project Modification, are all portions of the WT Facility cumulatively “categorically excluded” under FCC OET 65 requirements?

___ Yes ___ No

If the answer to 3.19 is “No”, the Applicant must also provide a technically detailed report certified by a qualified radio frequency engineer indicating the amount of radio frequency emissions expected from the proposed facility and associated accessory equipment, as well as the cumulative impacts of the other existing facilities at the site to the extent permitted by federal law, including co-located facilities, and stating that emissions from the proposed facility individually and combined with the cumulative emissions of on-site facilities will not exceed standards set by the Federal Communications Commission. Designate this attachment, “Attachment 3.19.”

Initial here _____ to indicate that Attachment 3.19 is attached.

3.20: Provide a written certification that the facility will continuously comply with FCC OET Bulletin 65 radio frequency emissions standards. Designate this attachment, "Attachment 3.20".

Initial here _____ to indicate that Attachment 3.20 is attached to this application.

3.21: Are any areas adjacent to any of the transmitting antennas subject to RF emissions that are in excess of the "general population/uncontrolled" standard in FCC OET 65? For this purpose, assume that all persons other than the Owner's technical staff are considered to be members of the general population. ___ Yes ___ No

3.22: If the answer to 3.21 is NO proceed to 3.24.

3.23: Provide a detailed RF analysis, supported by underlying technical data for each RF emitter and each band showing the distance, in feet, in all directions to the boundary of the general population/uncontrolled zone. Designate this attachment, "Attachment 3.23".

Initial here _____ to indicate that Attachment 3.23 is attached to this application.

3.24: Does the WT Facility Project Modification design or location require the Applicant to file an FAA Form 7460 or other documentation under Federal Aviation Regulation Part 77.13 et seq, or under the FCC rules? ___ Yes ___ No

3.25: If the answer to 3.24 is "No" proceed to 7.00.

3.26: Attach complete copies of all required FAA/FCC forms including all attachments and exhibits, including, without limitation, FAA Form 7460. Designate this attachment, "Attachment 3.26." Initial here _____ to indicate that Attachment 3.26 is attached.

7.00: WT Facility Project Modification Photographs and Photo Simulations for Visual Impact Analysis

The following items 7.01 through 7.03 may be waived by the Planning Director if not applicable to the project.

7.01: The Applicant shall attach an accurate visual impact analysis showing the maximum silhouette, viewshed analysis, color and finish palette and proposed screening for the facility, including scaled photo simulations. Designate this attachment "Attachment 7.01." Initial here _____ to indicate that Attachment 7.01 is attached, if required.

7.02: The Applicant shall submit photo simulations consistent with the following standards:

a. Minimum size of each base photo and each photo simulation must be 11 x 8.5 inches (landscape or portrait orientation). Each base photo and matching photo simulation must be the same size. Single sheets of 11 x 8.5 inches showing base photos and photo simulations on the same page are unacceptable.

b. All elements of the WT Facility Project Modification as proposed by the

Applicant which can be seen from any point at ground level, or from any level within or on buildings within 500 feet of the WT Facility Project Modification, must be shown in one or more close-in photo simulations (i.e., panel antennas, omni-directional antennas, GPS antennas, antenna camouflage devices, cable trays; equipment cabinets; working lights; etc.), including color and finish palette.

- c. The overall WT Facility Project Modification as proposed by the Applicant must be shown in six or more area photo simulations, three taken within a 500 feet radius and three taken within a three mile radius. Base photographs must, at a minimum, be taken from widely scattered positions separated by 120 degrees. A map detail showing each location where a photograph was taken, the proposed site, and the direction to the site from each photo location must be included. Base photographs taken from locations that have some physical feature obscuring the WT Facility Project Modification site, and the photo simulations associated with those same base photographs, are not acceptable.

Attach all base photographs and photo simulations to this application marked as Attachment 7.02.

The purpose of the photo simulations is to allow the City of Agoura Hills to visualize the WT Facility Project Modification as completed will comply with all stealth or concealment design requirements of the existing WT Facility, therefore the number of site photos, and photo simulations, and the actual or simulated camera location of these photos and photo simulations are subject to City of Agoura Hills determination. The Applicant should submit photos and photo simulations consistent with these instructions, and be prepared to provide additional photos and photo simulations should they be requested by the City of Agoura Hills.

The Applicant certifies by initialing in the space following this paragraph that all of the photos and photo simulations provided in Attachment 7.01 are accurate and reliable photographic representations of the current WT Facility Project site and the proposed modifications to be constructed, and that the Applicant is fully aware that the City of Agoura Hills will rely on all of the photos and photo simulations provided in Attachment 7.01 when it considers approval of this WT Facility Project Modification and later when determining project completion.

Applicant's initials: _____, if required. (If not initialed, this application may be deemed incomplete by the City of Agoura Hills.)

- 7.03: Attach a detailed written description of efforts taken to blend the WT Facility Project Modification with the surrounding area in compliance with existing stealth or concealment design requirements. Designate this attachment as "Attachment 7.03."

Initial here _____ to indicate that Attachment 7.03 is attached, if required.

9.00: Exceptions

- 9.01: Is Applicant requesting any exceptions to the Agoura Hills Municipal Code provisions governing the WT Facility Project Modification (e.g., the location, design

and development standards, or any other requirement relating to the WT Facility Project Modification)? ____ Yes ____ No

If yes, provide a technically expansive and detailed explanation of the exception requested and why it is being requested. Discuss in depth all physical constraints that exist, including topography and surrounding structures, which the exception is attempting to overcome. Designate this explanation as Attachment 9.01.

Initial here _____ to indicate that Attachment 9.01 is attached.

9.02: Please check the basis for requesting the exception (check all that apply):

_____ Denial of the facility as proposed would violate California state law.

_____ Denial of the facility as proposed would violate federal law.

_____ A provision of the Agoura Hills Municipal Code, as applied to Applicant, would deprive Applicant of its rights under California state law.

_____ A provision of the Agoura Hills Municipal Code, as applied to Applicant, would deprive Applicant of its rights under federal law.

For each statement checked above, provide an expansive and detailed explanation of Applicant's basis for the statement, including citations to applicable law. Designate this explanation as Attachment 9.02.

Initial here _____ to indicate that Attachment 9.02 is attached.

9.03: Depending upon the exception requested, additional information and studies may be required as deemed necessary by the Director to allow the City to evaluate the request for an exception.

[Remainder of Page Intentionally Left Blank]

10.00: Identification of Key Persons

10.01: Identify by name, title, company affiliation, work address, telephone number and extension, and email address the key person or persons most knowledgeable regarding:

10.10 (1) The site selection for the proposed project, including alternatives:

10.11 Name:

10.12 Title:

10.13 Company Affiliation:

10.14 Work Address:

10.15 Telephone / Ext.:

10.16 Email Address:

10.20 (2) The radio frequency engineering of the proposed project:

10.21 Name:

10.22 Title:

10.23 Company Affiliation:

10.24 Work Address:

10.25 Telephone / Ext.:

10.26 Email Address:

10.40 (3) List all consultants working on the WT Facility Project Modification, if any:

10.41 Name:

10.42 Title:

10.43 Company Affiliation:

10.44 Work Address:

10.45 Telephone / Ext.:

10.46 Email Address:

10.50 If more than one key person is now or was involved in any of the functions identified in this section at or before the time of the submission of this form, attach a separate sheet providing the same information for each additional person, and identifying which function or functions are/were performed by each additional person.

Designate this attachment "Attachment 10.50."

Initial here _____ to indicate that the information above is complete and there is no Attachment 10.50, or initial here _____ to indicate that Attachment 10.50 is attached.

14.00 Deposit for Review of Application

14.01 The Planning Director is authorized to retain on behalf of the City an independent, qualified consultant to review any application for a permit for a wireless telecommunications facility or wireless telecommunications collocation facility. This consultant is paid for by the Applicant.

A review deposit may be required pursuant to a resolution adopted by the City Council. The review fee deposit covers the cost of review of the application by the wireless consultant, if any, and the City Attorney.

Initial here _____ to acknowledge that a deposit may be required with this application and that the cost of the wireless consultant review, and City Attorney review, will be charged against the deposit amount. Applicant may be required to deposit additional funds beyond the initial deposit pursuant to the City Council Resolution. Any funds remaining in the deposit account upon completion of application review will be refunded to the Applicant.

15.00 Additional Information Required by Director

15.01 Any other information and/or studies determined necessary by the Planning Director may be required. Please provide the following additional information:

16.00 Additional Information Optionally Provided by the Applicant

16.01 You are invited and encouraged to provide any additional written information that you wish the City of Agoura Hills to consider in connection with your proposed WT Facility Project Modification.

If you wish to attach additional information, designate this attachment "Attachment 11."

Initial here _____ to indicate that Attachment 11 is attached, or initial here _____ to indicate that there is no Attachment 11 provided by the applicant.

20.00: Certification of Accuracy and Reliability

20.01: The undersigned certifies on behalf of itself, the Applicant, the Project Owner and the WT Facility Operator that the plans, information and representations provided in and attached to this form are true, correct and complete to the best of the undersigned's knowledge and belief, and that the information provided here should be relied upon by the City of Agoura Hills as being accurate and complete when the City of Agoura

Hills evaluates this WT Facility Project Modification. Furthermore, the undersigned understands that failure to provide the plans and information required by this supplemental application may result in this application not being accepted as complete for filing and/or processing.
