Exhibit B

SELECTION OF THE MAYOR

1. Insofar as possible, Councilmembers take turns as Mayor and Mayor Pro Tem.
2. The rotation has traditionally been based on the order of finish in the elections, with the top vote getter taking the first turn, the next in line taking the second, and so on. The rotation spans two alternate year elections so that the third finisher in a three-person race may be the fifth in line.
3. In accordance with this rotation, the Mayor and Mayor Pro Tem are nominated at the first Council meeting following each general election for City Council, and are selected by a vote of their peers on the Council. They serve for a one-year term. In the customary rotation, the Mayor Pro Tem is nominated to serve as Mayor at the end of the Mayor's one-year term.
4. The Mayor and Mayor Pro Tem are peers of and serve at the pleasure of the other Councilmembers.
5. The Mayor assumes the center chair on the dais and oversees the seating location of the other Councilmembers.
1. Manager.
