When an emergency occurs in the city, please call the Emergency Hotline at (818) 597-7301 for updated information as it arrives.

GRAFFITI HOTLINE

Please help to keep the City of Agoura Hills clean by reporting any graffiti that you see by calling (818) 597-7355. Graffiti can be reported any day or time of the week. When reporting any graffiti, it is important to leave the date and time of your call and the exact location of the graffiti, as this will help our maintenance crews in cleaning up the affected area quicker.

The City's goal is to remove any graffiti on public property within 24 hours or the next business day. Any graffiti on private property is the responsibility of the property owner and should be removed immediately. We need everyone's help in continuing to make the City of Agoura Hills "The Good Life."

DINING ADVENTURES – PATRICK'S ROADHOUSE

Patrick's Roadhouse may look like a wee bit of Ireland with its green and white colored outside and decoration of shamrocks, but it is not an Irish pub. Patrick's is an old-fashioned diner that has served wonderful breakfasts and lunches with myriad egg dishes and sandwiches since 1973. We're told that they have great burgers, such as Arnold Schwarzenegger's favorite, appropriately named "The Governor." Meal is on your own and is not included in the price of this trip. Gourmet diners, come and step back in time to experience a bit of nostalgia as we visit Monty's Steakhouse. Monty's is a real old-fashioned establishment as in yesteryear, with leather-like booths and old paneling, and where they serve thick, juicy steaks and prime rib with big baked potatoes. Monty's is very much the same as it was 70 years ago, 10 years ago, or even last year. If you are looking for good beef at a fair price, Monty's is a place you will enjoy! PROGRAMS AT THE REYES ADOBE

The Reyes Adobe Historical Site is an early California rancho setting featuring:

- ★ A preserved adobe home with rooms depicting various periods of its history.
- ★ Interpretive displays on everyday rancho living.
- ★ An adobe barn that is now a museum and educational center on the site's unique legacy with cultural artifacts and California history timeline.

Public, educational and group programs are available throughout the year and offer a variety of ways to discover the region's unique legacy through guided tours, interactive exhibits and special events.

The Reyes Adobe Historical Site was made possible by the generous donations of the Santa Monica Mountains Conservancy, The Getty Grant Program and State Park Propositions 12 and 40.

ADOBE DAYS AND CALIFORNIA WAYS

Our field trip/Educational tours comply with suggested California State curriculum requirements. A special educational program has been established so that 4th grade children can visit the site with their schools to learn about California history with hands-on activities, learn about what life was like on the rancho, and the responsibilities of those who lived here on the land.

VOLUNTEER OPPORTUNITIES

Staff: Xochitl Ruwhiu, Recreation Supervisor

WHAT IS CERT?

Local government prepares for everyday emergencies. However, during a large disaster, the number and scope of incidents can overwhelm conventional

emergency services. The Community Emergency Response Team (CERT); traditionally known as the Disaster Response Team (DRT) in Agoura Hills; is designed to educate residents and businesses about emergency preparedness for hazards that may impact their area and instructs them in basic disaster response skills. Using the skills learned in the classroom and during exercises, CERT-trained DRT members can give critical support to their families, neighbors, and community immediately following a disaster when residents may initially be on their own and emergency services may not be available to help.

If you would like more information about the City of Agoura Hills CERT Disaster Response Team, please contact the CERT information hotline at (818) 597-7302 or contact Louis Celaya at (818) 597-7314.

Water Conservation Efforts by the City of Agoura Hills

Why is the City watering parks and medians during a drought?

The City of Agoura Hills has historically and recently implemented a series of water conservation efforts in order to meet the recent recommendations of the Governor Brown, and the Las Virgenes Municipal Water District. These conservation efforts relate to potable water (drinking water typically used in homes), while city parks and all but two of the City's medians are watered with reclaimed/recycled water. This water is captured from the local sewer pipes and cleaned to be used in public landscaped areas to avoid using valuable potable water. Nonetheless, the City is taking steps to conserve reclaimed and potable water whenever possible.

The City of Agoura Hills takes water conservation very seriously and has implemented conservation methods throughout its facilities and is always looking to utilize native and drought tolerant landscaping wherever possible.

For any specific questions regarding water conservation efforts in the City, please contact Zach Miller at (818) 597-7367, or zmiller@ci.agoura-hills.ca.us

Photographs are periodically taken of people participating in programs and activities. All persons registered in City activities or utilizing City Services thereby agree that any photograph may be used for the promotional purposes including, but not limited to, posting the photograph on the City's website, and/or its promotional, brochures, fliers, social media accounts, and other publications without additional, prior notice or permission and without compensation to the participant.
