*A new voting experience - the BMD!!*

The Ballot Marking Device (BMD) makes it easy for voters to customize the voting experience to fit their needs. Voters can access 13 languages, adjust the touch screen to a comfortable angle, change the display settings such as text size and contrast or go through the ballot using the audio headset and control pad. Security remains a top priority, that's why this device is not connected to a network or the internet. The easy-to-follow instructions can guide any voter through the voting process without the need for assistance.

Voters can go to ANY Vote Center in Los Angeles County. To find a Vote Center near you, or for more information on voting, go to: [LAVote.net](http://LAVote.net)
