Hello, my names Curt. I live at 28363 balkins dr and I'm quite concerned about the aurora house building project on my street.

The proposed project is not in line with other properties in the neighborhood with the front of the home being significantly closer to the street than the others.

I feel there should be a strong consideration to re-propose the plans to fit with the neighborhood style as it could ruin the overall equestrian look and feel of old agoura. Hopefully the planning commission will take this into consideration.
