Hello,

Please see the attached letter from Greater Conejo Valley Chamber of Commerce President/CEO Danielle Borja providing comments on Item 18 on tonight's agenda. The comments are regarding the additional discussion of electrification in the Climate Action and Adaption Plan (CAAP).

Thanks,
Adam

Re: Climate Action and Adaption Plan (CAAP) Discussion – Comments Provided

Dear Mayor Weber and members of the City Council

On behalf of the Greater Conejo Valley Chamber of Commerce, I would like to comment on the additional discussion concerning the electrification proposed in the Climate Action and Adaption Plan (CAAP).

The Chamber of Commerce supports the use of incentives, rather than mandates to achieve the goals of the CAAP.

With regard to electrification of “New Residential,” the Chamber would not like to see the definition of included new residential to be expanded to all new residential units with exceptions, as suggested as a possibility in the staff report.

With regard to electrification of “New Commercial,” the Chamber would prefer that the City Council use incentives rather than mandates to increase electrification in new commercial development.

As always, we appreciate the work of the City Council and staff on these important issues for the City of Agoura Hills. If you have any questions, please contact me at dborja@conejochamber.org or at 805-370-0035.

Sincerely,

Danielle Borja, MBA
President/CEO
Greater Conejo Valley Chamber of Commerce
