Hello Citycouncilmen,

I have been a resident of Agoura Hills for over 30 years. This past year, I have been so disappointed with our local councilmen that have abandoned our community.

First, I was given the run around why the bathrooms in our parks were closed for our kids. After many phone calls, the answer I got was you guys had no option and it was the Governor of CA.

Now, you guys are taking a local business Cronies to court and pressing charges for a business that exercised its constructional right. I see this as a waste of time and taxpayers' money. This is a pointless case that is just to satisfy your own personal ego.

Please disclose how much you have already spent on this case and how much more of our money you are planning to spend.

Regards,

Tina Forti

*Greetings Council,*

*I hope to be in attendance at tomorrow's meeting but just in case, I wish to comment now.*

*With regard to Cronies, their refusal to comply with our health department defines them as a clear and present danger to our community. This notwithstanding the miscreants who patronize the place with the flags in the trucks, talking smack, trying to intimidate and starting fights. They should be closed down for good and never allowed to operate in Agoura Hills again. How ironic that these clowns who see Antifa under their beds are anarchists themselves and lack the brains to know it.*

*On The Ave and all subsequent Agoura Village projects of that magnitude, they are as appropriate as a cigarette machine in a hospital ward.*

*I urge you to follow the recommendation of the Planning Commission and reject this project. Everything about this has been wrong from the beginning, has failed to acknowledge drastic environmental changes over the 20 years it's been in the works, and it has not been done particularly honestly either with regard to Measure H.*

*I am still wondering why Jess Thomas's emails found their way to Don Dusablon and why nothing was done about it. I know of nothing to indicate that this is not STILL the case but of course we live in an era in which ethics are just a quaint remembrance.*

*Hope you and your families are all staying healthy even among the Kirk Camerons of the world and other right wing kooks like those at Cronies who think science is an affront to god and they get to make the rules if they don't like ours.*

*Sincerely,*

*Larry Brown*

Thank you for taking up the cause to close down Cronies. I fully support your efforts to imprison and/or fine the owners and operators of this vile establishment. During the worst of the pandemic, they violated mandate to seek nothing but profit for themselves. Their actions endangered the citizens of Agoura by attracting the worst kind of maskless hoodlums, mostly came from areas outside of our beloved city. We can only imagine how many of our neighbors were infected during their flagrant disregard for safety and human life.

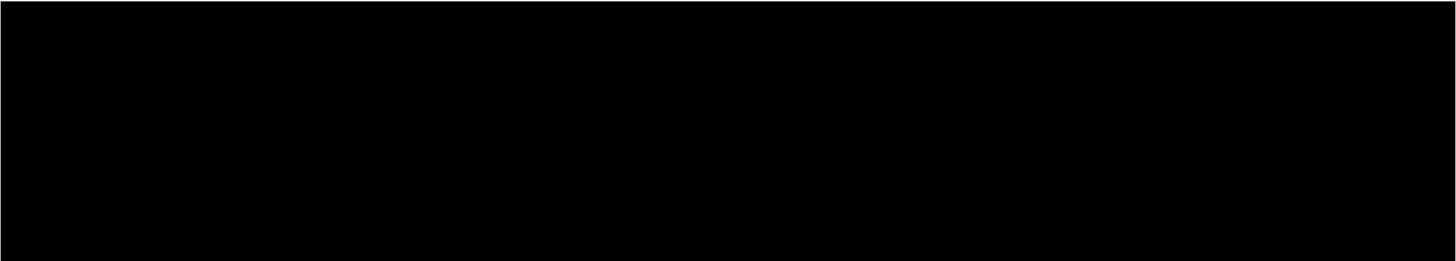

As their glorious leader would chant, "LOCK THEM UP"!!!!

Councilmembers: I am in support of resolution No 21-1983, however I want to bring up the issue of your taking Cronies and filing criminal charges filed against them.

This is not right and you are over reaching your authority and violating the constitution of our country. Cronies has been a local restaurant and supported our community and helped during the fires. Your actions do not support the wishes of your electorate. We the People are awake and we will hold you accountable for your actions.

Please drop all charges against Cronies.

Thank you.

Sincerely,

Brandee Sisting

Greetings Councilmembers.

I'm writing on 2 issues:

First, to give my strong support to Res. 21-1983.

Second, to voice how immensely disappointed I am to find out the lawsuit against Cronies of Agoura has yet to be dropped by your council and the City of Agoura. I implore you to do this immediately.

Cronies and their owners exemplify the **BEST** we can ask for of small business owners, employers, taxpayers, and fellow community members. ***They have led by example for decades in supporting this town, our neighbors and county.*** Cronies has repeatedly given their time, facilities and profit in service and support to law enforcement, firefighters, first responders, teachers, schools, community sports teams and more.

I'm very proud of Cronies for the selfless decisions they made during these most difficult past months of Covid. They determined not to allow the families who depend on them (both employees & suppliers) to lose their jobs, their homes, ability to buy food for their children.

Each time I ate there to help keep their business alive, we were outside & distanced. Everything was cleaned to standards & all employees were wearing masks as required.

At a time when our community needs to heal and those few businesses who survived need our thanks and support, your continued lawsuit is unnecessary and vindictive. Please choose to take a higher road than this and let's move forward together.

Thank you very much.

**Subject:** Agoura Hills Cronies Statement

My name is Riley Price and I want to make a statement for Cronies in Agoura Hills. I do not agree what so ever with the push and law suit to shut them down. As a small family owned business, it breaks my heart that someone would push for this. I find it decently evil.

This place has created community, and family for those who lost or don't have it. They are incredible people who do nothing but what's best for their employees aka their cronies family and the community. During the pandemic, I felt extremely alone and a huge lack of community and they stepped up and pulled us together. I think it's horrible that someone would try to pull this family apart.

As a former employee, I have nothing but respect and love for the owners and I 100% back their decision to fight this, to continue with business and truthfully with anything...because that's what families do.

Sent with Love,  
Riley
