TRANSIT Revenue

Proposition A, a ballot measure approved by the voters in Los Angeles County in 1980 **provided financing for lower bus fares, local transit improvements, and construction of a rapid transit system.** **Proposition A** increased the sales tax in Los Angeles County by 1/2 percent. Every incorporated city in Los Angeles County receives a direct allocation of sales tax revenues for local transit improvements based on the population of each jurisdiction.

Service in the unincorporated area of Los Angeles is financed through funds provided by the County of Los Angeles. This demand response para-transit service provides an internal transportation system for our citizens at minimal cost to the rider. It also provides special transit trips, bus stop and Park and Ride Lot maintenance. There are **NO FREE** rides.

The City of Agoura Hills has acquired the use of many vans that are accessible to the disabled. If you could benefit from the use of this service and would like to make arrangements for its use, please inform the dispatcher when you call for a ride.
