I just wanted to voice my concern after reading this article in the Patch:
<https://patch.com/california/agourahills/agoura-hills-update-housing-plan>

I have lived and worked in Agoura hills since 2000. My wife and I love our town and want **NOTHING** to do with this proposed housing plan. The charm of Agoura Hills to us is that its a small town **WITHOUT** massive apartments, townhomes, etc. Please do not allow our city to triple in population, traffic, crime, etc.

Is there a petition I can get and go door to door to prevent this from happening? Any help as to how we can prevent this from happening would be greatly appreciated.

Thank you,
Mike Resar
