I've lived off of Kanan, near the Agoura Rd intersection, now for 25 years. In that timeframe, the traffic has progressively gotten worse and worse, to the point of where I no longer will leave my house during certain hours of the day, since traffic is at a standstill.

Add to the fact that Kanan is the main artery for the houses throughout the Santa Monica mountains, which is fire-prone, is a disaster ready to happen.

It's my understanding that Agoura Hills currently has plans to build mixed-use housing at the 2 vacant corners at Kanan and Agoura Rd. Given the extremely severe traffic situation we have today, this would create a "perfect storm" of traffic along Kanan, such that the backup would put the main road to the beaches and into Agoura Hills at a standstill.

Please don't make Agoura Hills an unbearable place to live!

Best,
Brad Kingsbury

City of Malibu - Government 

Yesterday at 10:28 AM · 

On September 29, 2020, the [#Malibu](#) City Council voted to adopt Ordinance No. 486 (Short-Term Rental Enforcement Ordinance) creating a new Short-term Rental (STR) Permit system to regulate the short-term rental of residential property in the City. Effective January 15, 2021, the short-term rental of residential property can only be conducted in accordance with a valid STR Rental Permit. The STR Permit Application is now available on the City's website at MalibuCity.org/STR. Property owners are encouraged to submit their applications as soon as possible. For questions or assistance filling out your application, please email STRSupport@malibucity.org or call the City's short-term rental support line at (310) 456-2489, ext. 381.

Traffic is so bad already... imagine with more residential units that are on project

Please NO new contractions.

Thanks

Subject: Housing development on Kanan Rd.

We live in the Fountainwood development. With schools back in session it can take 15 minutes or more to get from Fountainwood to the freeway. Why in the world would you make way for 554 apartments on Kanan and expect us to get to safety when another fire irrupts ? Kanan is a nightmare now. Please reconsider someplace along the 101 zone so we can all have a chance for survival if the next Woolsey fire occurs.

We are the smallest of cities around us. We have one exit in and one out. God help us when the next fire comes along. Please consider your citizens safety first.
