Good day Council,

I am writing today in opposition to the proposed site of 564 units in Agoura at Kanan and Thousand Oaks Boulevard. This particular site is so incredibly jammed with traffic right now. Just go there in the morning yourselves, starting from Oak Park High School and try to come down Kanan towards the highway... It is a traffic mess. I also witnessed myself the night of the Woolsey Fire the amount of people evacuating from Oak Park that night coming down towards the freeway... bumper to bumper, headlight after headlight. This is a safety issue, and this location would pose possible harm to residents given an evacuation emergency, which is something I would think you would not want on your hands.

I highly urge you to look at other locations as it seems you have to have some kind of allowance for new housing. Obviously I am against in our community, but if it has to be done, please choose wisely from other options.

Thank you.

Regards,
