

DATE: JANUARY 18, 2022

**TO: AGOURA VILLAGE SPECIFIC PLAN CITIZENS ADVISORY GROUP
(AVSP CAG)**

FROM: DENICE THOMAS, COMMUNITY DEVELOPMENT DIRECTOR

SUBJECT: PLANNING PRINCIPLES PRESENTATION

The City Council tasked the AVSP CAG with reviewing the AVSP and providing feedback on 15 Planning Principles that would be used by staff to amend the AVSP. Over the last year, we have met to discuss the AVSP and to solicit your feedback. The AVSP CAG packet includes the PowerPoint presentation we will use next week. The presentation contains slides with each planning principle and the feedback you offered. Please take time between now and Tuesday to review the presentation. At the meeting we will walk through each slide and ask you to confirm whether the feedback you have offered is represented. In the event we missed some feedback, we will be prepared in real time to update the slides. Once the meeting is complete, the updated presentation will be added to the website and made available.

Thank you for the time you have spent learning and sharing your thoughts. The input you provided will guide the amendments staff proposes to the Planning Commission and the City Council. I am very grateful and appreciative of the work you have done over the last year.
