DATE: JANUARY 25, 2023

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: NATHAN HAMBURGER, CITY MANAGER

BY: DENICE THOMAS, AICP, COMMUNITY DEVELOPMENT DIRECTOR
ROBBY NESOVIC, SENIOR PLANNER

SUBJECT: CONDUCT A PUBLIC HEARING, WAIVE FULL READING AND INTRODUCE ORDINANCE NO 23-467 AMENDING ARTICLE VI (TAXES; LICENSES; BUSINESS REGULATIONS) OF THE AGOURA HILLS MUNICIPAL CODE TO ADD A NEW CHAPTER 10 REGARDING SHORT-TERM RENTAL REGULATIONS AND MAKING A DETERMINATION OF EXEMPTION UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT

The request before the City Council is to conduct a public hearing, waive full reading and introduce, Ordinance No. 23-467, approving a Short-Term Rental Ordinance that would enact legislation to regulate the short-term rental of residential property. The City is the applicant for this Municipal Code Amendment (Case No. MCA-2023-0002).

Approval of Ordinance No. 23-467 will establish a Short-Term Rental Program which will ensure consistent processing of short-term rental business license applications and the collection of transient occupancy tax from short-term rental business owners, and provide City staff with the necessary tools to enforce the provisions of the ordinance (further General Plan Policy LU-7.12, Safety and Code Enforcement). Ordinance No. 23-467 is attached as Exhibit A.

There are currently 47 short-term rental businesses advertised on internet platforms within the City of Agoura Hills with a median listing price of \$395 per night. The units being rented are almost entirely single-family homes dispersed throughout the City. Over the last several months, City staff received an increased number of nuisance-related complaints regarding a small handful of these short-term rental businesses. Since the City of Agoura Hills Municipal Code (AHMC) is silent on short-term rental of residential property, it has been difficult for staff to limit the impact of short-term rental businesses on the community, prompting the City to consider imposing regulations specific to short-term rentals. Well-regulated short-term rental businesses will support continued growth of the City's economic resources to provide a high level of public services for the City's residents, visitors, and employment base (General Plan Goal ED-2), while allowing these businesses to exist in harmony with surrounding residential uses.

A Land Use/Economic Development Subcommittee (Subcommittee) meeting was held on October 19, 2022, where staff presented research conducted on the baseline conditions within the City of Agoura Hills as they relate to short-term rentals, as well as regulations imposed by other jurisdictions within California. Staff also provided the Subcommittee with several sample regulations to consider and provide feedback on, and presented the public comments and suggestions received prior to the meeting. Additionally, project directives were established for the ordinance. The purpose of the Short-Term Rental Ordinance is to: (1) establish minimum operating requirements for short-term rental operators which will allow the businesses to function within residential neighborhoods without issues, (2) create enforcement and reporting mechanisms with deterrents to ensure ongoing compliance with the short-term rental operating requirements, and (3) create application procedures and operational requirements ensuring public health and safety is maintained.

Based on the information presented and the public comments received, the Subcommittee recommended several regulations which have been incorporated into the Ordinance, including; (1) a maximum occupancy of two people per bedroom plus two additional people, up to a maximum of 14 people, (2) a clause allowing a permit to be revoked following three consecutive violations within a 12-month period, (3) exponential penalties for violations, (4) a required number of parking spaces based on the number of bedrooms, (5) a quiet hours period between the hours of 10:00 p.m. to 10:00 a.m. where outdoor amplified noise is prohibited, (6) a minimum age requirement for renters, (7) a restriction on tents and recreational vehicles, (8) requirements for a local contact person who is responsible for responding to complaints, (9) minimum health and safety features, such as fire extinguishers, smoke detectors, and carbon monoxide detectors, (10) trash and recycling requirements, (11) prohibitions on special events, which are clearly defined within the ordinance, (12) a limit of one short-term rental business license per person, (13) requiring rental terms be longer than one night to further prevent “party houses” (the ordinance proposes a minimum two-night rental term, which is consistent with the proposed Los Angeles County Short-Term Rental Ordinance, as recommended by a member of the public at the Subcommittee meeting) and, (14) a requirement that the operator post a code of conduct for guests, as well as, an exterior notice with a telephone number for the 24/7 complaint hotline.

The Subcommittee also recommended staff investigate the possibility of imposing a cap on the number of days each short-term rental property could be rented each year to curtail potential nuisance impacts on residential neighborhoods. Staff carefully considered this recommendation and concluded that it would not be practical to enforce. According to a Granicus whitepaper (A Practical Guide to Effectively Regulating Short-Term Rentals on the Local Government Level), enforcing this provision would typically require a formal audit of each short-term rental property on a periodic basis, which may result in the need for additional staffing resources. Additionally, staff would not be able to determine which properties were in violation of this provision in real time, creating a situation where Code Enforcement staff would have to retroactively issue violations to permit holders at the end of each quarter, which may also result in the need for additional staffing resources. Finally, depending on market conditions, imposing a cap on the number of days a business may

operate per year may severely impact the economic viability of short-term rental businesses throughout the City. Staff looked at other ways to ensure a practical upper limit to how often properties are rented out each year, including requiring an owner to establish permanent residency on the property being rented (if an owner lives on a property, they would only be able to rent it while they are on vacation, or would be required to rent out individual rooms). This option, however, would likely have a drastic impact on the existing short-term rental businesses operating within the City. While this type of provision makes sense for a city whose existing housing stock could be depleted by short-term rental businesses, such as Palm Springs, it isn't necessary given current local conditions.

While the recommended provision was not incorporated into the Ordinance for the reasons described above, staff is confident that other regulations included in the ordinance, including occupancy limits, a minimum two-day rental term, noise limitations, posting requirements, property management requirements, and a 24/7 complaint hotline will effectively reduce potential nuisance impacts on the community while allowing existing short-term rental businesses to continue operating.

In addition to the restrictions mentioned above, staff incorporated a handful of other noteworthy regulations which further the goals of the Ordinance by establishing operating requirements that limit the possibility of nuisance-related activity, creating strict financial penalties particularly for repeat violators, and creating application procedures which ensure public health and safety are maintained. These regulations require the following:

1. An inspection report from a certified third party must be provided at least once every three years, at the cost of the owner, to ensure appropriate health and safety features are provided, including fire extinguishers, smoke detectors, and carbon monoxide detectors. The inspection report will also be required to detail any obvious material defects with the residential property that pose an unreasonable risk to people.
2. During the quiet hours period (10:00 p.m. to 10:00 a.m.), in addition to the prohibition on outdoor amplified noise, all outdoor noise shall meet the decibel limits specified in AHMC §9656.2.
3. The property address must clearly be visible from the street for emergency purposes.
4. Restrictions on the ability of an owner to evict an existing long-term tenant for the purpose of converting the dwelling unit into a short-term rental. This restriction serves the purpose of protecting the City's existing housing stock and furthers General Plan Policies LU-5.7 and LU-7.9 (Housing Maintenance).
5. A requirement that existing code enforcement violations be resolved prior to obtaining a short-term rental business license.
6. Following the denial or revocation of a business license, the owner will be prohibited from applying for a new license for a period of 12 months.
7. Short-term rental owners operating prior to the effective date of the Ordinance must obtain a business license within 90 calendar days of the effective date.

8. Violations of the Ordinance are punishable by a fine equal to twice the advertised short-term rental's daily rental rate per day in violation, and each subsequent violation within a 12-month period will double the previous fine amount.
9. Short-term rental business licenses must be renewed on an annual basis.

The Ordinance is exempt from the requirements of the California Environmental Quality Act (CEQA) because it imposes regulations that limit the environmental impacts of residential use of property compared to those currently in place. It is also exempt pursuant to Section 15301 (Existing Facilities) since it does not propose any provisions which would require an expansion of an existing or former use.

RECOMMENDATION

Staff respectfully recommends the City Council conduct a public hearing, waive full reading and introduce, Ordinance No. 23-467, amending Article VI (Taxes; Licenses; Business Regulations) of the Agoura Hills Municipal Code to add a new Chapter 10 regarding short-term rental regulations and making a finding of exemption under the California Environmental Quality Act.

ORDINANCE NO. 23-467

AN ORDINANCE OF THE CITY OF AGOURA HILLS, CALIFORNIA, AMENDING ARTICLE VI (TAXES; LICENSES; BUSINESS REGULATIONS) OF THE AGOURA HILLS MUNICIPAL CODE TO ADD A NEW CHAPTER 10 REGARDING SHORT-TERM RENTAL REGULATIONS AND MAKING A DETERMINATION OF EXEMPTION UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT

WHEREAS, with the recent proliferation of short-term rental use due to the growth of internet platforms that facilitate the short-term rental of property, the City has seen an increase in short-term rental activity in the City, including related impacts.

WHEREAS, the City Council finds that short-term rental of residential property, without proper enforcement mechanisms and deterrents, has the potential to adversely impact nearby property owners due to increased traffic, noise and trash among other impacts.

WHEREAS, the City Council finds that short-term rental of residential property, without minimum operating requirements, has the potential to impact health and safety for renters and the community by increasing vacancies, reducing long term housing stock and opportunities for low and moderate income housing.

WHEREAS, the City Council finds that unregulated short-term rental of residential property creates a competitive disadvantage for hoteliers and results in a loss of transient occupancy tax.

WHEREAS, the City's municipal code is currently silent on short-term rental of residential property, making it difficult for the City to limit the impact of short-term rentals on the community, and protect public health and safety.

WHEREAS, the City Council finds that regulations on short-term rentals are necessary to ensure neighborhood compatibility, to facilitate economic growth within the City, and to protect the health, safety and general welfare of the City's residents.

WHEREAS, in accordance with the California Constitution, Article XI, Section 7, a City may make and enforce within its limits all local, police, sanitary and other ordinances and regulations not in conflict with general laws.

NOW, THEREFORE, the City Council of the City of Agoura Hills does ordain as follows:

Section 1. The facts set forth in the recitals of this Ordinance are true and correct.

Section 2. The proposed amendments are consistent with the objectives of Article 1 (General Provisions) of the Agoura Hills Municipal Code and with the General Plan. The Ordinance is consistent with Goal LU-7 of the General Plan which encourages neighborhoods that provide a variety of uses and services that support the community. The

Ordinance is consistent with Policy LU-7.12 which calls for aggressive code enforcement and nuisance abatement programs to ensure that Agoura Hills' neighborhoods remain attractive, safe, and free of public nuisances. The Ordinance is consistent with Policies LU-5.7 and LU-7.9 which call for the maintenance of the City's housing stock. Lastly, the Ordinance is consistent with General Plan Goal ED-2 by supporting continued growth of the City's economic resources to provide a high level of public services for the City's residents, visitors, and employment base.

Section 3. A new Chapter 10 (Short-Term Rental Regulations) is hereby added to Article VI (TAXES; LICENSES; BUSINESS REGULATIONS) of the Agoura Hills Municipal Code to read as follows:

- H. Code of Conduct. Prior to each rental the operator shall provide each guest with a code of conduct which includes occupancy limits, trash cleanup policies, parking requirements, noise limits, and a notice of potential financial penalties for violations of the code of conduct. The phone number of the local contact person shall also be provided in the same location as the code of conduct.
- I. Notice of Short-Term Rental. If a short-term rental business license is denied or revoked the short-term rental of the property must cease immediately and the owner, operator, or applicant for the denied or revoked short-term rental business license shall not be issued a new short-term rental business license for a minimum of twelve months from the date of the denial or revocation. No fee refunds shall be issued to any permittee whose short-term rental permit is denied or revoked.

61007. – Permit issuance.

The Planning and Community Development Director or their designee shall issue a short-term rental business license following the submittal of a complete application if the director or their designee finds that the property and business comply with sections 61002, 61003, 61004, 61005, and 61006 above, and all applicable fees have been paid.

61008. – Appeals.

Any person dissatisfied with a decision of the director to approve, deny, or condition a short-term rental business license application may appeal the decision to the city appeal officer by filing with the city clerk an appeal petition within fifteen days of the date of mailing of the decision. Appeals shall be submitted and processed in accordance with sections 9822 through 9827 of Chapter 8 of Article VI of the Agoura Hills Municipal Code. While the appeals

process is pending, the applicant, owner, and any operator are prohibited from the short-term rental of property and the short-term rental permit at issue shall not be valid.

61009. – Enforcement, violations, and penalties.

For the purposes of this Chapter, a violation shall be issued if substantial evidence exists which proves that a short-term rental business is not operating in compliance with the provisions contained in sections 61004 or 61005 of this Chapter (Operating Requirements and Prohibitions).

- A. Violations of this Chapter shall be subject to the administrative citation provisions of Chapter 5 of Article I of the Agoura Hills Municipal Code, except that any violation of this Chapter shall be subject to a fine equal to twice the advertised short-term rental's daily rental rate per day in violation. Each subsequent violation within a twelve-month period will double the previous fine amount.
- B. Short-term rental businesses operating prior to the effective date of this Ordinance must obtain a business license within 90 calendar days of the effective date. Existing businesses which do not obtain a business license within the 90-day timeframe must immediately cease the operation of the short-term rental business. It will be considered a violation of this Chapter if an existing short-term rental business continues to operate after the 90th calendar day without obtaining a business license.
- C. The owner and, if any, the operator of the short-term rental property shall be held responsible for violations of the municipal code committed by guests at the property.
- D. Any violations of this Chapter shall constitute a separate offense for each day the violation occurs or persists.
- E. These penalties are cumulative and are in addition to any other penalties and remedies available to the City.

Section 4. CEQA. The City Council finds and determines that this Ordinance is exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to section 15061(b)(3) of the CEQA Guidelines because it can be seen with certainty that the provisions contained herein would not have the potential for causing a significant effect on the environment. The Ordinance imposes regulations that limit the environmental impacts of residential use of property compared to those currently in place. The Ordinance is also exempt pursuant to Section 15301 (Existing Facilities) of the CEQA Guidelines since the Ordinance does not propose any provisions which would require an expansion of an existing or former use.

Section 5. Severability Clause. If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this Ordinance or its application to any person or circumstances, is for any reason held to be invalid or unenforceable by a court of competent jurisdiction, such invalidity or unenforceability shall not affect the validity or enforceability of the remaining sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases of this Ordinance, or its application to any other person or circumstance. The City

Council declares that it would have adopted each section, subsections, subdivision, paragraph, sentence, clause, phrase hereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases hereof be declared invalid or unenforceable.

Section 6. Effective Date. This Ordinance shall take effect thirty (30) days after passage.

Section 7. Certification. The Mayor shall sign and the City Clerk shall certify to the passage and adoption of this Ordinance and shall cause the same or a summary thereof to be published and posted in the manner required by law.
