LETTER OF PROMULGATION

TO: OFFICIALS, EMPLOYEES, AND CITIZENS OF CITY OF AGOURA HILLS

The preservation of life and property is an inherent responsibility of local, state, and federal government. The City of Agoura Hills has prepared this SEMS Multihazard Functional Plan (MHFP) to ensure the most effective and economical allocation of resources for the maximum benefit and protection of the civilian population in time of emergency.

While no plan can prevent death and destruction, good plans carried out by knowledgeable and well-trained personnel can and will minimize losses. This plan establishes the emergency organization, assigns tasks, specifies policies and general procedures, and provides for coordination of planning efforts of the various emergency staff and service elements utilizing the Standardized Emergency Management System (SEMS).

The objective of this plan is to incorporate and coordinate all the facilities and personnel of the City into an efficient organization capable of responding to any emergency.

This SEMS Multihazard Functional Plan is an extension of the California Emergency Plan. It will be reviewed and exercised periodically and revised as necessary to meet changing conditions.

The City Council gives its full support to this plan and urges all officials, employees, and citizens, individually and collectively, to do their share in the total emergency effort of the City of Agoura Hills.

Concurrence of this promulgation letter constitutes the adoption of the Standardized Emergency Management System by the City of Agoura Hills. This SEMS MHFP will become effective on approval by the City Council.

Dan Kuperberg
Mayor
City of Agoura Hills
