Dear City of Agoura Hills,

Thank you for giving this opportunity of online comment cards. Below please find my comments for the upcoming meeting.

With Gratitude,
Zoe Eisenstein

My name is Zoe Eisenstein and I am an 8th grader who has lived in Agoura Hills my whole life. I originally went to Jessica Forte and Laura Forinash to share about an intersection that needed an improvement for my Girl Scout Silver Award, but even though the request didn't go through I learned about the positive impact the HAWK project is creating. Also, the way they responded in a patient and kind manner while giving me a voice was impactful to me. Pedestrian safety is a passion of mine, and advocacy doesn't have an age restriction. As a twelve-year-old, I have been working with Jessica Forte and Laura Forinash on a project that they had already started. After reading through the city of Agoura Hill's LRSP, and hearing about how the main emphasis right now is intersections, my goal is to create better opportunities for pedestrians to cross the street. With this amazing project HAWK, we can ensure better safety for our pedestrians who are the heart and soul of this beautiful city.
