Smoke, carbon monoxide or combination alarms (carbon monoxide and smoke alarms) must be approved and listed by the State Fire Marshal. For an approved list of alarms, go to [www.osfm.fire.ca.gov](http://www.osfm.fire.ca.gov). The devices must be installed per the manufacturer's instructions.

As of January 1, 2014, all new and replacement battery-operated smoke alarms must be equipped with a non-replaceable, non-removable battery capable of powering the alarm for 10 years. All existing smoke alarms shall be replaced after 10 years from the date of manufacture or if the date of manufacture cannot be determined.
