

## REPORT TO CITY COUNCIL

**DATE:** JANUARY 24, 2024

**TO:** HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

**FROM:** NATHAN HAMBURGER, CITY MANAGER

**BY:** DENICE THOMAS, COMMUNITY DEVELOPMENT DIRECTOR  
ROBBY NESOVIC, PRINCIPAL PLANNER

**SUBJECT:** DISCUSSION ITEM REGARDING COMMERCIAL CANNABIS SURVEY RESULTS

---

On June 28, 2023, the City Council approved Resolution No. 23-2040 adopting Citywide goals for fiscal years 2023-24 and 2024-25. One goal established by the City Council was to complete a public outreach process on the possibility of allowing commercial cannabis uses in the City. The first step in that process was developing a public survey to gauge residents' opinions on the allowance of certain uses related to commercial cannabis, including retail sales, distribution, manufacturing, research and development, and testing.

On August 24, 2023, the City entered into a contract with Probolsky Research (Consultant) to begin drafting a community survey. After the draft survey was completed, staff and the Consultant attended two Land Use/Economic Development Subcommittee (LUEDC) meetings in October to receive feedback prior to presenting the survey to the City Council on November 8, 2023. The survey was revised to address comments made at the City Council meeting, and the survey was subsequently conducted by the Consultant. Attached you will find the Consultant's full report on the results of the survey.

### **FISCAL IMPACT**

There is no additional fiscal impact to the City Council 2023-24 adopted budget as funds were appropriated for this project in the Community Development Department's Contract Services Account, 010-4305-5520.

### **RECOMMENDATION**

Staff respectfully recommends the City Council review the survey results and direct staff whether to move forward with a draft ordinance. If the City Council directs staff to move forward with a draft ordinance, staff recommends the City Council provide staff with general direction as to the content of the draft ordinance based on the survey results.

# City of Agoura Hills - Cannabis Voter Poll

## Survey Methodology\*

From November 14 to December 3, 2023, Probolsky Research conducted a live-interviewer telephone and online survey among City of Agoura Hills voters.

A total of 400 likely voters were surveyed. A survey of this size yields a margin of error of +/-5%, with a confidence level of 95%. Interviews were conducted with respondents on both landline (34%) and mobile phones (66%) and were offered in English (96%) and Spanish (4%) languages. We also invited online participation via email (50%) and text message (50%). Security measures precluded individuals from completing the survey more than once and allowed only the designated resident to complete the survey. Online respondents were able to use their computer, tablet or smart phone to participate.

The sample was secured by compiled from data provided by the Los Angeles County Registrar-Recorder/ County Clerk. We called, emailed, and texted voters. We matched the demographics of City of Agoura Hills voters.

*Probolsky Research is a woman and Latina-owned market and opinion research firm with corporate, election, government, non-profit, and special interest clients.*

*\*Due to rounding, totals shown on charts may not add up to 100%*

Q16. Now we have some information about the possible future of cannabis in Agoura Hills. Please indicate if each statement makes you more likely to support or more likely to oppose cannabis in Agoura Hills. If it makes no difference to you, just indicate that.  
 If consumption lounges (similar to hookah lounges) were to be allowed in Agoura Hills, businesses would be required to provide transportation to ensure people don't drive under the influence of cannabis.

Q18A. Now we have some information about the possible future of cannabis in Agoura Hills. Please indicate if each statement makes you more likely to support or more likely to oppose cannabis in Agoura Hills. If it makes no difference to you, just indicate that.  
 If the retail sale of cannabis is allowed in Agoura Hills, the City would carefully screen applicants and limit the number of businesses to just a few locations.

Q25. Here are the statements made by Agoura Hills residents. Please indicate which statement you agree with more.  
 Smith says, "Allowing the retail sale of cannabis in Agoura Hills is a terrible idea. It will result in increased crime and traffic accidents. If people want to buy cannabis, they can go somewhere else." Jones says, "Allowing the retail sale of cannabis in Agoura Hills is a great idea. There is no evidence of negative community impacts and Agoura Hills could increase revenues that could go toward essential services like public safety."

Q25. Here are the statements made by Agoura Hills residents. Please indicate which statement you agree with more.  
 Smith says, "Allowing the retail sale of cannabis in Agoura Hills is a terrible idea. It will result in increased crime and traffic accidents. If people want to buy cannabis, they can go somewhere else." Jones says, "Allowing the retail sale of cannabis in Agoura Hills is a great idea. There is no evidence of negative community impacts and Agoura Hills could increase revenues that could go toward essential services like public safety."
