My family and I along with 4 immediate neighbors strongly want to retain the only CRV store In Agoura Hills.

When this location was closed just a few years ago there was no other CRV store in a 10 mile radius.

We are **required** to pay a refundable fee when we purchase items in a returnable container.

It is the city's responsibility to maintain a CRV in our local community so that we can do our part to recycle and receive a refund for the monies paid.

Some families need these recycle funds for just simple items in their lives.

This CRV Is behind Ralphs, in an alley ,that is always well maintained and served by very pleasant people.

Concerned residents.

Hello,

I am writing for it to be known and to ask that CRV Recycling center's permit be renewed.

Having CRV Recycling is an added benefit to our community, which there are few. They are friendly, helpful, the location is out of eyesight - so as not to be an eyesore to our community and is a convenient way for local residents to recycle and dispose of our materials without having to travel to our much farther outer of area cities.

Why remove one of the few conveniences we have in Agoura? Why continue to make our residents travel and leave the community?

Please consider renewing CRV Recycling Center's permit.

Tina Kadner

Please please renew their permit. We love this location. The community and the shopping center benefits from this since people tend to stop and shop while they are there. Thank you for supporting this local business.

Dear City of Agoura,

I am writing to ask that you renew or grant a permit for this store operating behind Ralphs. I would hate to lose our only CRV recycling option in the city as we use the service often.

Megan

The recycling depot behind Ralph's in agoura is a great spot. Hidden , easy access . It serves our community well .
