To Whom It May Concern,
Please grant the CRV Only Store their conditional use permit.
Their facility is ALWAYS neat and tidy.
They are good at what they do and the surrounding neighborhoods need them to stay.
Thank you for your consideration,
Jena Albert

To whom it may concern,

I've been an Agoura Hills resident for 20 years, and have seen several recycle centers come and go. Some have been average at best, and some have been much less than that. However, the current staff running the CRV Only Store are BY FAR the best I've ever encountered for this type of business. They are friendly, extremely fast, and efficient. True professionals at their job. I implore you to please approve their upcoming permit renewal. This is absolutely in the best interests of the city and community.

Thank you very much,

Sincerely,

Shane Chandler
Agoura Hills Resident

I fully support CRV Only Store (Recycling Center) and encourage the city to approve their permit. Recycling should be encouraged and the CRV Only Store (Recycling Center) provides great efficient service. This business has been a staple in the community and without a doubt should continue their operations.

Dear Members of the Planning Commission -

Our family has been so grateful to have the availability of a recycle/CRV rebate facility right here in our community. The experience at Agoura's CRV Only Store is always a positive one, as they are cheerful, professional, and helpful. The site is unobtrusive, but with clear signage. It's clean and organized, and offers a fair price for our recyclables. In this economy, every little bit helps.

Please help us by keeping this beneficial business operating within our city!

Thank you -

Adrienne A Thomas

Dear City Council Members,

I hope this message finds you well. I'm writing today to express my strong support for our local recycling location, the "CRV Only Store." Recycling is not just a matter of environmental responsibility; it's a crucial step towards sustainable living and conserving resources for future generations. By supporting facilities like the CRV Only Store, we're investing in the health and well-being of our community and our planet.

Moreover, visits to the CRV Only Store have become a valuable teaching moment for my family. We regularly take our children there, using the experience to educate them about the importance of responsible consumption and the impact their choices have on the world. It's an opportunity to instill in them the values of environmental stewardship from a young age.

Thank you for considering my perspective. I believe that by supporting and promoting recycling initiatives like the CRV Only Store, we can make a significant difference in our community and beyond. Sincerely,

With best regards
Dmitriy Maygurov

I was so saddened to hear that you might not be renewing the license for the CRV Only store behind Ralph's in Agoura Hills. I've been going there for so many years and the location is wonderful for those of us who live here. Many of my neighbors/friends also recycle at this location. The gentleman who has been running it for the past year or so is fabulous! He is super friendly and helpful. I don't understand why the city would consider denying them a conditional use permit. Please reconsider this since I don't see any harm in having it there. Thank you, Anne Altman
Have a great day!

We need this store to remain in our community as it is necessary, please allow them to stay. The closest store of this type is nearly 20 miles away just to far to travel for recycling. Their location is perfect, as I have used them many times over the years. I have been a resident of this area for over 42 years. Please approve their business permit.

I urge you to keep the CRV Only Store - Recycling Center here in Agoura Hills. As far as I know, it's the only convenient place around.
