Subject: CRV Only Store Permit Request - Please Approve

Caution! This message was sent from outside your organization.

The CRV Only Store at 5727 Kanan Road is my source for recycling. It's been a convenient, positive part of my experience in Agoura Hills. I recommend approving their request for a conditional use permit.

To whom it may concern:

We believe the CRV Only Store at 5727 Kanan Rd, Agoura Hills serves a valuable service to the community in encouraging recycling of glass and plastic containers. As such, we urge the City Council to approve a new conditional use permit for its operation.

Respectfully submitted,

Ed & Sonia Rosa

Subject: The CRV ONLY Store- recycle center

Caution! This message was sent from outside your organization.

[Allow sender](#) | [Block sender](#)

City of Agoura Hills,

I urge you to approve the use permit for CRV ONLY. It is the only recycling center in our city, and I have used that location for years. If I have to drive to another city (*or county?*) to find a similar recycling place, it could cost me too much in gas money to do so. Having this recycler so close is convenient, reduces fuel use and encourages residents to recycle more, leaving less trash to shove into our local landfill.

The CRV ONLY staff have been helpful, efficient, and keep that drop off area clean and organized. It has, as far as I can see, no negative impact on that alley behind Ralph's.

Closing this recycle center would be punitive to the city's residents, so I hope that this city's officials grant the permit. We need this center.

Thank you,

Teri Lamoureux

Please, please, please keep this CRV Only Store On Kanan Rd. open. I have been coming to it for over a year. I work and live nearby. The gentleman that runs it is very kind, very professional, he has patience and I choose to come here, over any of the other ones. With gas prices the way they are. I am not driving to any other store.

I Thank You very much for your time -

Kimberly Rodrigues

I would like to leave a feedback and support the recycling center. The best customer service, always with the attention and respect to their customers. I am a customer of this recycling center ever since it started to serve our neighborhood! I strongly believe that the center should remain open and send my voice to support the business.

Hello,

I am writing to you to express my enthusiastic support for the CRV Only Store located on Kanan Rd. Not only is it conveniently located and one of the cleanest recycling centers I've used, the gentleman that works there is always friendly and helpful. It would be a great disservice to our community to not allow this business to continue to operate where it is currently located.

Please feel free to contact me if you would like to speak further about this issue. Thank you for your time and consideration.

In Gratitude,

Sayra Boerner

Please renew CRV's permit at the location behind Ralph's in Agoura. I have lived in Agoura since 86 and that location is super convenient for my family to recycle. I don't want to drive further than I have to and waste gas. In addition to being convenient, this location is also out of sight and out of people traffic's way. I see no reason to move them to a bigger location. Not everything needs to be "bigger and better". It's perfect where it is and the gentleman that works this location is super nice, welcoming, and works hard to keep the area clean.

Dear City of Agoura,

We are writing in support of the CRV only store recycle center in Agoura Hills. With the help of the community who bring their recycling to us we raise money to support the nonprofit Healthcare for Homeless Animals an organization that funds medical care for homeless pets at the Agoura Animal Care Center.

We have a team of volunteers at the Care Center who collect all the recyclables that are dropped off at the shelter who then bring them to CRV.

The staff at CRV are always welcoming, help us sort what we have, and are very supportive of what the nonprofit does for medically needy animals at the shelter.

Our recycling team is spearheaded by one of our Agoura shelter youth volunteers Brianne. She has done a great job of scheduling pick ups with the additional members on the team & coordinating drop offs with CRV.

CRVs help has not only allowed us to do something good for the environment but also for homeless animals in need of medical treatment.

Thank you for your consideration!

Robin Kahrs
Lead Volunteer
Agoura Animal Care Center
Director Emeritus
Healthcare for Homeless Animals

From the President of Healthcare for Homeless Animals:

On Mar 20, 2024, at 2:20 PM, Tamy Rieder <tamy.rieder.tr@gmail.com> wrote:

The recycling program has been a great addition to our fundraising efforts! People from all over the community have

been collecting and bringing their recyclables to the Agoura ACC to help support the all volunteer run non profit organization, Healthcare for Homeless Animals (HHA), HHA helps animals in need of medical care at the Agoura ACC. These animals are brought to good health and have a second chance in finding a forever home.

We are so thankful to the recycling center for being so supportive and accommodating to the large amounts of recyclables brought to them every month.

Our volunteers enjoy and appreciate the interaction with the recycling center staff and repeatedly comment how welcoming and helpful the staff is.

Thank you for helping our organization to help save lives at the Agoura Animal Care Center.

With much gratitude,

Tamy Rieder

President

Healthcare for Homeless Animals

Dear City Council,

We understand you are considering the permit and location of the CRV Only recycling center behind Ralphs on Kanan Road. We frequently visit this location to drop off our recycling because of its convenient location. We feel good that our recycling is not going into a landfill. We are glad to support a small, local business and to teach our children about the importance of recycling.

We feel strongly that its current location is perfect for our community. It is tucked away from the street, does not impose on traffic or other businesses, and keeps the recycled plastic, glass, and aluminum orderly and out of the public areas.

Please allow CRV Only to continue operating in its current location. Moving locations would impose an undue burden on this small, local business at a time when we should be doing everything we can to support these types of businesses, especially those that engage in the noble work of protecting our environment.

Please renew the permit for CRV Only to allow it to continue operating in its current location. Thank you for your consideration.

Robert and Allison Blanco
