This is written in support of the above mentioned CUP for 4137 Jim Bowie Road which is being considered by the Planning Commission May 16, 2024.

Sharyl Buehring and I live at [REDACTED], located across the street from the proposed project. The project house and the house below us are the last homes on Jim Bowie Road. We are the first house on Provident Road at the beginning of the curve for Provident Road.

The addition appears to fit easily within the lot and is consistent with the general community architectural style.

We respectfully recommend Planning Commission approval.

S/Norman and Sharyl Buehring
