Dear council members,

My name is Brian Whalen and have had an office in Agoura since 2009 located on Canwood. I have been a patron of the Cronies in Agoura for the past 7-8 years and have always appreciated the casual environment, great service and the food.

I am writing in support of their request to add an additional offering for their customers. As a businessperson I recognize how difficult it is to survive in a competitive environment. I strongly support the ability for a business to add additional items that can assist with their sales and profitability. When local, family owned, businesses succeed it is good for the community. This provides jobs, increased taxes for the city, and allows loyal employees to thrive.

I have found Cronies to always be a responsible alcohol retailer, their staff is well trained and certified. Management is very present every time I have been there which is a sign they truly care. In addition, the restaurant is a gathering place for the community. I have met professionals, tradespeople, retired Firemen, police officers and families at the restaurant. I believe that these are traits the city would encourage and embrace.

I appreciate you reading my email and respectfully ask that you vote for approval this evening.

Thank you,

Brian Whalen

Dear Agoura City Council,

I want to express my strong support for Cronies Sports Grill's application for a Type 47 Liquor License. Cronies has been a cherished part of the Agoura Hills community for the past ten years, providing a family-friendly environment and supporting local activities without any issues. They have always listened to community feedback and addressed concerns effectively. This license will allow them to meet customer requests and remain competitive with neighboring establishments. I urge you to approve their application, recognizing their positive impact on our community.

Thank you,

Terri Dawson
