Fellow Agoura Hills Planning Commissioners,

As I mentioned during the discussion period at the last meeting of the Planning Commission on October 4, I might be absent from the meetings in November and December.

I am in negotiations today with MediaPro Pictures in Romania to return there on October 22 for two months. It is almost assured that I will be accepting their offer and will be working in that country until the end of December.

This will mean that I would miss the Commission meetings of November 1, 15, December 6 and the meeting of December 20 if that is not cancelled. I would like your permission to be excused from those meetings because of this pending work conflict.

Sincerely,

Phil Ramuno
