FOR IMMEDIATE RELEASE

City of Agoura Hills Holds Business Owners Public Workshop for the Reyes Adobe Interchange Improvement Project

(Agoura Hills, CA—FOR IMMEDIATE RELEASE) -- The city of Agoura Hills will be conducting a public workshop on the Reyes Adobe Interchange Expansion Project, slated to begin construction in September 2009, on Wednesday, August 19, at 6:00 pm at City Hall, 30001 Ladyface Court, Agoura Hills, CA 91301. The interchange expansion project will improve the US-101 overpass, widening the existing three-lane road into a six-lane road and adding bike and pedestrian lanes. Complete information on the construction project will be released in the upcoming weeks.

The public workshop is being held to give residents and motorists an overview of the project and help them avoid traffic delays during the anticipated one-year construction period. The public may also sign up for C-mail to receive project email updates and alerts once the construction begins. The link for signing up is located on the city's website's [www. ci.agoura-hills.ca.us](http://www.ci.agoura-hills.ca.us).

For more information about the Reyes Adobe Interchange Public Workshop, contact Ramiro Adeva, Agoura Hills City Engineer, (818) 597-7353 or email Radeva@ci.agoura-hills.ca.us or visit [www. ci.agoura-hills.ca.us](http://www.ci.agoura-hills.ca.us).
