

# GO WILD – PLANT NATIVE!

## NATIVE PLANTS SALE AND FESTIVAL!

*Plants grown by Matilija Nursery*

Restore local ecosystems within your own backyard!

Native plants make great holiday gifts! Save water and money with drought tolerant plants!

Create a butterfly garden! Cultivate natural habitat for the wild animals you love!

**SATURDAY, DECEMBER 5, 2009**

**9:00 A.M. – 3:00 P.M.**

Location:

The Topanga Ranch Motel Parking Lot – California Department of State Parks and Recreation  
18711 Pacific Coast Highway, Malibu, California 90265

**Biologists, botanists and landscape designers available  
for consultation on site all day long.**

For more information, contact the Resource Conservation District of the Santa Monica Mountains:

*Plant list may include these (subject to change):*

*Coast Live Oaks • Valley Oaks • Sycamores • Willows • California Black Walnut • Mulefat  
Ceanothus (California Lilac - smells romantic in the spring), cream, white and blue • Sages (black, purple, white, the scent of summer morning)  
Manzanita (sweet little berries) • Lemonade Berry (sweet little berries, again) • Rosa Californica (smells like happiness)  
Mugwort (a Native antidote for poison oak) • Deerweed (dainty little yellow flowers) • Dudleya (beautiful + tough succulent)  
Buckwheat • Fuchsia • Sticky Monkeyflower • Native Grasses • Native Flowers • Wildflower Seeds for spring*

This project originated at the Resource Conservation District of the Santa Monica Mountains. Thanks for planning, outreach and volunteer support from Las Virgenes Municipal Water District, Heal the Bay, G3 LA (Green Garden Group), Natural Resources Conservation Service, Los Angeles County Department of Public Works, Mountains Restoration Trust, the Cities of Malibu, Calabasas, Agoura Hills and Westlake Village, the Malibu Creek Watershed Council and the founder of this event, the Resource Conservation District of the Santa Monica Mountains. The site has been provided by the generosity of California Department of State Parks.
