

REVISED TEMPORARY TARGETED SAFER AT HOME HEALTH OFFICER ORDER FOR CONTROL OF COVID-19: **TIER 1 SUBSTANTIAL SURGE** **UPDATED** RESPONSE

Revised Order Issued: December 6, 2020

Effective 11:59PM (PST) on December 6, 2020 to at least 11:59PM (PST) on December 27, 2020. This order may be extended if the projections of the Southern California Region's total available adult ICU bed capacity is less than 15%.

Please read this Order carefully. Violation of or failure to comply with this Order is a crime punishable by fine, imprisonment, or both. (California Health and Safety Code §120295; Los Angeles County Code § 11.02.080.)

SUMMARY OF THE TEMPORARY ORDER:

This Revised Temporary Targeted Safer At Home Order for Control of COVID-19: Tier 1 Substantial Surge Updated Response (Revised Temporary Order) is issued to temporarily replace both the most recently issued Temporary Order and Reopening Safer At Work And In The Community For Control of COVID-19 Order (Order) issued by the County of Los Angeles Health Officer (Health Officer). This Revised Temporary Order will be effective from 11:59pm (Pacific Standard Time (PST)) on December 6, 2020 to, at least, 11:59pm (PST) on December 27, 2020, and may be extended if the projections of the Southern California Region's total available adult ICU bed capacity is less than 15%.

This Revised Temporary Order has been updated and is issued as a response to the sustained and substantial rise in COVID-19 cases, hospitalizations and deaths. This Revised Temporary Order has been revised to align and comply with the [State's December 3, 2020 Regional Stay At Home Order](#). County Health Officer Orders may not be less restrictive than Orders issued by the State Public Health Officer.

The County is part of the Southern California Region (Region). Over the last six (6) calendar days, the County of Los Angeles is averaging 8,295 newly diagnosed COVID-19 cases per day. Between November 13- December 6, 2020, hospitalizations of confirmed COVID-19 patients have increased by 140% to 2,855. In addition, the adult ICU bed admissions in the Southern California Region rose. And, per the California Department of Public Health, the adult Intensive Care Unit (ICU) bed capacity for the Region is now below 15%, at just 10.6%, which triggered the initiation of the State's Regional Stay At Home Order. Because of both the continuing increases in new cases and test positivity within the County and the Region and the lag between case

identification and hospitalizations, the Health Officer expects both the number of new cases and hospitalizations, including adult ICU admissions in the Region, to continue to increase.

Per the State Public Health Officer, current projections show that without additional intervention to slow the spread of COVID-19, the number of available adult Intensive Care Unit (ICU) beds in the State of California will be at capacity in mid-December. ICU beds are a critical resource for individuals who need the most advanced support and care and the ability to add additional ICU capacity is limited by the lack of available ICU nurses and physicians as a result of the nationwide surge in hospitalizations and ICU admissions.

Without additional public health interventions and widespread public adherence to the personal preventive actions to avoid being exposed to this virus and spreading it to others, the high levels and rate of rise in both cases and hospitalizations, if either continues, are at risk of overwhelming the ability of hospitals to deliver healthcare to people suffering from COVID-19 and from other illnesses requiring hospital care.

This Revised Temporary Order is issued to ensure that County of Los Angeles (County) residents remain in their residences except as necessary to conduct activities specifically permitted in this order, to limit close contact with others outside their household in both indoor and outdoor spaces and to further reduce the risk of community transmission of COVID-19 resulting from the unprecedented surge of new daily cases. This Revised Temporary Order is issued to reduce capacity at sites where non-household members interact. Limiting interactions among non-household members, especially in places where persons are in close proximity without a face covering or mask, is essential to slowing the spread of COVID-19. It is imperative that all persons and businesses within in the County take personal responsibility and follow all restrictions and infection control precautions required by this Revised Temporary Order. Changes from the previous Temporary Order are highlighted.

This Revised Temporary Order is effective within the County of Los Angeles Public Health Jurisdiction, defined as all cities and unincorporated areas within the County of Los Angeles, with the exception of the cities of Long Beach and Pasadena that must follow their respective City Health Officer orders and guidance. This Revised Temporary Order is effective 11:59PM December 6, 2020 and will continue for at least 21 days.

UNDER THE AUTHORITY OF CALIFORNIA HEALTH AND SAFETY CODE SECTIONS 101040, 101085, AND 120175, THE COUNTY OF LOS ANGELES HEALTH OFFICER ORDERS:

1. This **Revised** Temporary Order replaces **both** the most recently issued **Temporary Order and Reopening Safer At Work And In The Community For Control of COVID-19 Order** (Order) issued by the County of Los Angeles Health Officer (Health Officer). That Order is suspended until the expiration of this **Revised** Temporary Order. This **Revised** Temporary Order is issued to slow the current high rates of COVID-19 community transmission **and hospitalizations** within the County. The Health Officer will continue to assess COVID-19 indicators within the County and the effectiveness of this **Revised** Temporary Order on an ongoing basis and determine, after consultation with the Board of Supervisors, whether this **Revised** Temporary Order needs to be modified or extended if the public health risk associated with COVID-19 increases in the future.
2. This **Revised** Temporary Order's intent is to continue to ensure that County residents remain in their residences **except as necessary to conduct activities as required by law or as specifically permitted in this order**, to limit close contact with others outside their household in both indoor and outdoor spaces and to further reduce the increased risk of community transmission of COVID-19 resulting from the unprecedented surge of new daily cases. All persons who can telework or work from home should continue to do so as much as possible during this pandemic. The public's adherence to sustained Social (Physical) Distancing, **consistent and correct use of face coverings/masks, and other** infection control measures will slow the spread of COVID-19 and diminish its impact on the delivery of critical healthcare services. Failure to comply with any of the **Revised** Temporary Order's provisions constitutes an imminent threat and menace to public health, and a public nuisance, and is punishable by fine, imprisonment or both.
 - a) This Revised Temporary Order does not supersede any stricter limitation imposed by a local public entity within the County of Los Angeles Public Health Jurisdiction.
 - b) This Order is consistent with the provisions in the Governor's Executive Order N-60-20 and the State Public Health Officer's May 7, 2020 Order, that local health jurisdictions may implement or continue more restrictive public health measures in the jurisdiction if the local health officer believes conditions in that jurisdiction warrant them. Where a conflict exists between this Order and any state public health order related to controlling the spread of COVID-19 during this pandemic, the most restrictive provision controls.

3. All persons within the County Public Health Jurisdiction must stay home, except to travel to and from Essential Businesses, to work at or provide service to a Healthcare Operation or Essential Infrastructure, to work at, perform or obtain services from an Essential Governmental Function, to engage in Essential Activities, or to participate in permitted individual or household activities, while practicing social distancing **and using face coverings/masks as described below.**
- a) Nothing in this **Revised** Temporary Order prohibits persons living together as a single household in a household or living unit (“household”) from engaging in permitted activities together. For purposes of this **Revised** Temporary Order, a “household” shall not include institutional group living situations such as dormitories, fraternities, sororities, monasteries, convents, or residential care facilities, nor does it include such commercial group living arrangements as boarding houses, hotels, or motels.¹
 - b) All public and private gatherings and events with people from more than one household are not permitted except for outdoor faith-based services and outdoor **political expression**, and as provided in Paragraph 9 of this **Revised** Temporary Order.
 - c) People leaving their residences must strictly comply with the Social (Physical) Distancing, as specified in guidance or protocols established by the County Department of Public Health. This **Revised** Temporary Order requires all persons wear a face covering or mask over both the nose and mouth whenever they leave their place of residence and are or can be in contact with or walking near or past others who are non-household members in both public and private places, whether indoors or outdoors. This includes wearing a face covering or mask when patronizing a business. Wearing a face covering or mask reduces the risk of transmission to others from people who do not have symptoms and do not know they are infected. **Wearing a face covering or mask has also been shown to provide some protection for the wearer.** The use of face coverings is commonly referred to as “source control”.

This **Revised** Temporary Order does not apply to persons experiencing homelessness. 4.
